City Man In Bride Case Is Confined

Gokey Declared Mentally Unfit To Stand Trial

VANCOUVER, Sept. 15. — (CP)—Alex Gokey, Edmonton district farmer, central figure in the case of the bartered bride, today was declared mentally unfit to stand trial and was led weeping from a county court room here.

The 71-year-old man—charged with conspiracy in a bogus marriage of a 15-year-old Edmonton girl—was ordered committed to a mental hospital for an indefinite period. The order was issued by Judge James A. McGeer.

Allan Ajas, 18-year-old brother of the bride and Mrs. Jessie Ajas, 24, his sister-in-law, pleaded innocent to a charge of conspiring to evade the Marriage Act.

The girl is alleged to have gone through a marriage ceremony with her brother acting as groom under Gokey's name. Gokey, police said, posed as her father, and Mrs. Ajas was a witness at the wedding. The girl has been charged in juvenile court with misconduct.

The story told police was that Gokey had promised to pay the brother $500 for arranging the marriage.

The arrests were made here July 31.

Fog, Smoke Haze Covers Big District

Smoke and fog gave Edmonton an early morning appearance of a big, smoggy industrial centre today.

The haze cut visibility to zero during the heaviest pall and to quarter of a mile at other times.

It grounded incoming and outgoing Trans-Canada, Western, and Canadian Pacific airlines flights for several hours.

Forest fires as far away as Alaska, aggravated by minor timber blazes and burning peat bogs in northern Alberta were blamed for the smoke haze which drifted into the city.

BREAKS THIS A.M.

Moisture laden air and an absence of wind held the smoke haze almost stationary to form what weather officials called "fog with traces of smoke."

The fog cloud is expected to break and rise during the morning.

The poor visibility area extended from the north points of Fort St. John and Fort Nelson right to Red Deer, and in a lesser degree to Calgary and Lethbridge.

City Worker Injures Arm

City employe, Robert McMorran, 10820-110 street, today suffered serious injury to his left arm when he attempted to remove dirt from a pulley on an overhead loading machine he was operating.

The accident occurred early this afternoon at 149 street and 104 avenue.

He was taken to General Hospital in a taxi. No word of his condition has yet been received.

According to police McMorran had trouble with a pulley on his machine and at the time was trying to remove dirt from it.

Alta. Has Box Car Shortage

A shortage of box cars has developed in Alberta and may hinder the movement of grain and some coal.

The situation in Edmonton is "quite tight," a CNR official said. The shortage, coming at the height of Canada's freight moving season, was caused mainly by the number of box cars in service on United States railroads and partly by the heavy backlog of freight which piled up during the nine-day railway strike and forced every available car to be pressed into service.

A CPR official described situation on the Edmonton division of the CPR as "normal" although a slight shortage may be expected.

Communists Plotting Wave Of Strikes, Warns Isaacs

LONDON, Sept. 15. — (Reuters) — Labor Minister George Isaacs today exposed a huge Communist plot to disrupt British industry. . . .

He warned parliament meetings were being held this week-end with the aim of disorganizing the country's essential services.

Among the leaders were men who had just returned from a Cominform meeting in Warsaw, the labor minister told startled MP's.

There was evidence that an organization was being created, chiefly by these and by men prominent in wildcat strikes.

Isaacs said the government was keeping a close watch on those activities and would not hesitate to take action—legislative action if necessary.

Anthony Eden, deputy Conservative leader, described the labor minister's statement as "one of the gravest made to parliament in recent years."

Though Isaacs mentioned only the British aspect, some trade union leaders here believe it part of a plan devised by the Communist-led World Federation of Trade Unions to disrupt all Western Europe's ports and industrial areas.

Arthur Deakin, general secretary of the British Transport and General Workers Union, told reporters three members of the unofficial London port workers' committee had just returned from a meeting in Warsaw.

It was sponsored nominally by the Polish Dockers' Union and attended by "rebel" trade unionists from other Western Europe countries.

Isaacs told Parliament the meeting being held this weekend "purported to represent dockers, road transport workers and workers concerned with our meat supplies."

Markets In Brief

MONTREAL, Sept. 15.—(CP)—Prices were irregularly lower on the Montreal stock exchange and curb market today.

The market gave a hesitant appearance throughout the session as prices generally settled in a narrow path. Moves in either direction were mostly minor fractions, but some issues moved a point or more.

Trading remained active, but inclined to tone down near the close.

TORONTO, Sept. 15.—(CP)—A rising market bumped into a wall of selling that pushed it into losing ground on the Toronto Stock Exchange today.

Prices started on an upward trend in brisk buying but sudden appearance of selling quickly wiped out opening advances and pushed leaders into the minus columns. Activity was brisk with volume about 2,025,000 shares.

Base metals slipped for a second successive day following four sessions of advance into new high price ground. Almost every issue trading was lower.

3 Officials In Grid Tilts

REGINA, Sept. 15—(CP)—Three officials instead of the regular four will handle Saturday's games in the western football conference, league secretary Bob Gillies said today.

Under the new set-up all officials will be from cities other than those of the competing teams.

At Regina Saturday, when Saskatchewan Roughriders meet Winnipeg Blue Bombers, Howie Milne of Weyburn, Sask., will be referee, Pep Moon of Edmonton umpire, and Joe McGoldrick of Calgary head linesman.

Cliff Roseborough, Winnipeg, will referee at Calgary Saturday night when Edmonton Eskimos play Calgary Stampeders. Paul Dojack of Regina will be the umpire and Ken Preston of Regina head linesman.

ALLIES HIT BEACHES IN RED AREAS

3 Canadian Ships Fight

INCHON BEACHHEAD, Korea, Sept. 15. — (CP) — Three Canadian destroyers attached to United Nations naval forces fighting in Korean waters, took part in today's amphibious landing at this Korean port.

The Canadian ships — Athabaskan, Cayuga and Sioux—were among 262 allied ships which participated in the operation.

The force, aside from the Canadian destroyers, was made up of 194 American vessels, 12 British warships, two Australian, two New Zealand, one French, one Dutch, 32 U.S. ships leased to Japan, and 15 South Korean.

Everything from carriers and cruisers to rocket barges, mine sweepers and landing craft were used.

Stunned North Korean prisoners, taken in the first few minutes of the assault, said they were crazed by the explosives rained on them and from heavy naval gun fire.

Destroyers stood in close and cruisers pounded steep hills from farther back.

Low Water Cramps Hunt

Duck shooters will be hampered by low water levels tomorrow which will prevent shooting on some lakes and many sloughs and ponds.

Shooting will be out entirely on Big Lake, popular hunting spot west of St. Albert. Water level is reported so low that launching a boat is impossible.

Water level at Cooking Lake is also low, but will only be an inconvenience to hunters.

Number of ducks on Cooking Lake is reported as high as on any lake in the province.

New hunting regulations will eliminate hunting at Beaverhill Lake, near Tofield, and at Sullivan Lake, near Coronation.

Advance information indicates geese are plentiful in Coronation, Halkirk, Vermilion, Tofield and Riley.

Ducks are present in numbers at Egg Lake and on many smaller bodies. Many ducks appear to be sticking to the ponds and sloughs, a fact which may hamper hunters because of low water.

Drive On Port City of Inchon

From AP and BUP Despatches

TOKYO, Sept. 15 — American marines and infantry stormed ashore in force far up Korea's west coast today at Inchon and drove swiftly into the big port city under heavy Communist fire.

Inchon is the harbor for Seoul, 22 miles inland.

American and British warships covered the landings with a crushing bombardment.

Carrier planes sent rockets and machine-gun fire blazing into the concealed North Korean shore positions.

South Korean marines at the same time landed on the east coast.

The amphibious assaults on both coasts of oKrea clamped a long-range pincers on the waist of the peninsula. Its closing would trap the Communist army and solve the problem of what to do about the 38th parallel border between North and South Korea.

A headquarters communique tonight said units of the South Korean capitol division had occupied Angang, eight miles west of Pohang port on the Sea of Japan coast.

The communique said other south Korean troops landed 18 miles north of Red-held Pohang.

They met enemy resistance but gained their first objective.

In the Angang sector the South Koreans advanced 1,500 to 2,000 yards and put elements of the division into the city.

Gen. Douglas MacArthur, United Nations commander who planned the bold amphibious operation to get behind Red battle lines, was on hand to direct the west coast landings on the Yellow Sea.

Brown pillars of smoke from the bombardment billowed up into the overcast skies.

Associated Press correspondent Relman Morin reported shortly after the landing the Americans had driven two miles into Inchon. Morin landed with the forces.

150 Miles Behind Reds

The west coast operation put allied troops 150 miles behind the southeast Korean beachhead front.

Morin reported an attack on Wolmi Island—connected to Inchon by a half-mile causeway—preceded the main landing at the port city. The island fell to the marines after an hour of battle.

Wolmi was strongly defended. It commands the entrance to Inchon harbor and is part of the harbor installations. They were shelled by six destroyers and four cruisers—some of them British—for two days before the landings. The U.S. marines hit the beach at 6:30 a.m. (2:30 p.m., Edmonton time Thursday).

Gen. MacArthur promptly broadcast congratulations to those aboard ships and ashore:

"The navy and marines have never shone more brightly than this morning."

In Moscow, the Russian press reported an "enemy" amphibious landing was repulsed by the North Koreans. Those dispatches didn't say where, but presumably referred to the Inchon operation.

This was the kick-off on the promised allied counter-offensive.

It came after a series of bitterly-fought withdrawals since the Red tide flowed southward starting June 25, when the Reds invaded across the 38th parallel.

Associated Press correspondents Don Whitehead and Bill Ross were with the big force hitting the beaches at Inchon.

Their dispatches confirmed an earlier South Korean announcement on the landings—an announcement which official United Nations sources would neither confirm nor deny at first.

Plan to Cut Off Enemy

United Press correspondent Rutherford Poats said the attack was a daring bid to cut the Communist lifeline to the battlefront and end the war quickly.

The grand strategy of the carefully prepared UN offensive emerged from the marine landing. It was to strike across the waist of Korea, cut off the Communist army massed around the Allied beachhead rim, and destroy it there, nullifying the issue of what would happen when it was shoved back to the 38th parallel.

The amphibious landings were commanded by Rear Admiral James Doyle, veteran of many beach landings in the South Pacific during the Second World War.

The Inchon landings were preceded by British and American cruiser and destroyer bombardments and strikes by carrier planes.

American troops, covered by the booming guns of warships and an aerial umbrella, hit the beaches of Wolmi Island which links to Inchon by a half-mile causeway.

South Korean marines also stormed ashore at Inchon proper.

Inchon, a city of some 300,000, is the port for Seoul. Between and slightly to the north of the two cities is Kimpo airfield—probably the best in Korea before it was worked over by American fighters and bombers.

Heavy pressure was applied quickly to Kimpo airfield. This evidently was the action described in the Communist broadcast reporting United Nations forces had advanced half way to Seoul.

Another west coast landingon the Yellow Sea—at Kunsan 100 miles south of Seoul—was reported by a South Korean assemblyman, Chin Soo. He said a warship's guns covered it.

On the east—Sea of Japan—coast, 1,000 South Korean marines struck quickly at the coastal road north of Pohang—the retreat route for Red forces arrayed from Pohang westward to Angang. In front of these Communists the U.S. 24th Division and South Koreans were narrowing a gap in their lines.

Premier Manning and provincial secretary Hon. C. E. Gerhart are ministers-in-charge-of-everything for the Alberta government today.

All other members of the cabinet are out of the city, most of them on government business.

CIB Chief Clerk Retires

Chief clerk of the criminal investigation branch of Alberta RCMP, Staff Sergeant D. C. Mighall, retires November 1.

The 47-year-old sergeant, who first joined the force in 1926 and has served with Edmonton detachment 18 years, resigned due to ill health.

In 1930 Sgt. Mighall left the force to join CPR police and then served two years with Alberta Provincial Police until the force was amalgamated with RCMP.

He served with detachments in Regina, Lethbridge, Calgary and Regina.

Married, with one daughter, Sgt. Mighall has "no formulated plans for the future" but intends to remain in Edmonton.

New chief clerk will be Sgt. B. D. Peck, who for the last few weeks has been deputizing for Sgt. Mighall.

Sgt. Peck, recently returned from a Newfoundland division, has served 17 years in the force. He has been with Edmonton detachment 10 years.

Party Marks Retirement

This party had 400 years of civic service behind it.

It took place in King Edward hotel last night to honor city development engineer and charter member A. W. Haddow on his retirement and 65th birthday.

At the party were 10 members who between them have worked with Mr. Haddow in the city engineer's department or still work with or for the city administration.

They include, besides Mr. Haddow, Mr. J. D. Macdonald and Arthur Spiller, who is ex-chief clerk in the department, R. J. Gibb, assistant city development engineer; C. M. Smail, former city treasurer with the engineer's department; John Paterson, land department superintendent and former engineer's department accountant; Saady Mair, chief mechanic.

W. R. Mount, former assistant engineer and now waterworks superintendent; William Ruff, sewer foreman, and Jack Martland, ex-city architect when the office was part of the engineering department, and who still does a lot of architectural work for the city.

Livestock Freight Boost Protested

Alberta Seeking Support From Sask. and Manitoba

Proposed increase in livestock freight rates is being protested by the Alberta government.

Premier E. C. Manning announced today that an official protest from this province will be filed with the Board of Transport Commissioners.

Application will be made to the board for a suspension of the tariff. It is expected the application and protest will be prepared and filed with the board next week, Mr. Manning said.

Saskatchewan and Manitoba government representatives have been asked by the Alberta government to take similar action in protesting the freight rate increase, but no reply has been received.

In some cases the proposed freight rate increase would raise the cost of shipping livestock short distances in Alberta from $12 to nearly $50, local stockmen say.

A protest against the increase is also expected to come from the Alberta Federation of Agriculture.

Former Bank Manager Dies

Prominent in business and Masonic lodge circles for many years, William Lowell Hurst died here last night after a long illness.

Born in Glencoe, Ont., Mr. Hurst started his business career with the old Merchants' Bank in the east.

He continued in banking after the Mercants' Bank became absorbed by the Bank of Montreal.

Among posts filled in the west was the managership of the bank at Lamont and Westlock. He retired in 1949.

Funeral arrangements will be announced later.

Borden Park Loss Opposed

Edmonton Federation of Community Leagues opposes annexation of Borden Park land by Edmonton Exhibition Association.

City parkland should be on the increase rather than decrease, Duncan Innes, chairman of the federation's civic committee, told the federation's first fall meeting last night.

A letter protesting any reduction in size of Borden Park has been sent to the city by Riverdale league, it was announced.

A nominating committee to name candidates for election of officers scheduled for October 12, was selected by federation president, Charles Simmonds. Chosen were Ben Hager, O. N. Allen, Duncan Innes, Franke Makepeace and P. R. Pepper. Dr J. A. Toogood and P. L. Ryan were named auditors.

Fog Shrouds City, District

(Continued from Page 1)

kept temperatures comparatively high overnight in Alberta.

At Edmonton the mercury dipped only to the 37 degree mark, with Red Deer and Medicine Hat only one degree colder. At Jasper and Whitecourt the temperature was one to two degrees below freezing, but throughout the province frost areas were small.

As the fog failed to lift this morning, TCA grounded its flight 80 to Calgary, scheduled to take off at 7:45 a.m. Western Airlines' plane to Los Angeles, scheduled to leave here at 5:45 was also grounded.

The 7 a.m. Canadian Pacific Airlines flight to Aklavik and flight 47 to Yellowknife, scheduled for 8 a.m. take off, were both delayed until the fog lifted.

The haze also affected incoming TCA flight 81 from Calgary and CPA's flight from Whitehorse, due here at 9:35 a.m.

Today you can leave that topcoat at home. The weatherman says it's going to be sunny and warm, with light winds and temperatures reaching 70.

In all other spots throughout the province, conditions will be much the same, with temperatures ranging from 65 to 70. Tonight it will be 35 and tomorrow 65.

North-West Travellers Open Annual Meeting

Approximately 250 are attending the annual general meeting of Alberta members of North-West Commercial Travellers' Association in the Macdonald hotel today.

Presiding over the meeting of the Alberta board of the association is Edgar Nobles, Edmonton, the president.

Eskin Carlson, also of Edmonton, is secretary.

New officers will be elected at tonight's meeting.

Feature addresses will be made by Frank H. Masson, Winnipeg, national president of the association, and J. H. Roe, also of Winnipeg, managing director of the Dominion body.

BIG MEMBERSHIP

The association now has a national membership of 9,500. It started in 1882 with a membership of 45.

An executive luncheon meeting preceded the general meeting at noon today.

Following business sessions in the afternoon and evening there will be a reception in the main dining room of the Macdonald starting at 8 p.m.

Millman Signs As Puck Coach

VANCOUVER, Sept. 15—(CP)—Veteran defenceman Chuck Millman has been signed as coach of the Kerrisdale Monarchs of the Mainline-Okanagan Hockey league.

He succeeds Paul Runge, former National Hockey league star.

Millman played during the war years with the navy team in Victoria.

After the war he played with the Vancouver Canucks of the Pacific Coast Hockey league.

400 Attend Lake Camp

More than 400 under-privileged Edmontonians attended a holiday camp on Lake Wabamun, operated by All Peoples' Mission of Edmonton from the middle of August.

Supported by the Community Chest of Edmonton, the family vacation plan, believed to be unique in Canadian social service activities, was a first-time experiment.

Families selected for the Moonlight Bay camp were those with low incomes, many with fathers unemployed through disability or long illness.

Rev. J. T. Stephens, superintendent of the Mission, was in charge of camp arrangements.

Grid Imports May Be Replaced

OTTAWA, Sept. 15.—(CP)—J P. McCaffrey vice-president of the Ottawa Rough Riders, said today the Canadian Rugby Union has approved the recommendation of the Big Four for an emergency regulation to permit the replacement of American imports who may be called up for service in the United States armed forces.

So far only one U.S. import in the Big Four has received his draft notice. He is Bill Gregus of Hamilton Tiger-Cats.

Employment Officials Worry About Jobless 45 and Over

When is a man too old to work?

According to the majority of Canadian employers he is not worth hiring after he reaches 45, National Employment Service officials said in Edmonton today.

The growing problem of what to do with the over-45 worker, whose numbers increase annually, may soon threaten the standard of living in the nation and bring an increased tax burden to the narrowing group considered employable by the country's industry, they stated.

Emphasizing the problem with a 15-minute moving picture titled "Date of Birth" NES is attempting to show the employer is wrong when he says the middle-aged and elderly worker is not a good labor bet.

The picture, shown at local NES offices throughout Canada, points out that we are "reducing our production of goods and services if we arbitrarily put on the shelf a large section of our potential working force."

OFFICIALS WORRY

NES officials are even more worried about the future. By 1971, they said, an estimated 5,000,000 Canadians will be in the over 45 group.

That's a large chunk of the population to automatically brand "not fit to hire," they stated.

Already 800,000 are in the age group, they said.

In Edmonton, for example, of 670 male job seekers in clerical and service work more than half are in the over 45 category and 135, or ten per cent of female job applicants, fall into same group.

Employers claim hiring the older worker means lowered production, increased accidents, trouble with new techniques and increased cost of pension and group insurance plans.

IT ISN'T SO

But recent surveys give the lie to this stand, NES heads stated emphatically today.

For instance, statistics showed greater accident rate was in the 20-24 age group—not amongst old-timers. As far as group insurance goes cost increases only $1.58 per thousand between 25 and 45 age group, they reported.

As to new skills: The NES people believe the middle-aged and older worker proved what he could do in this line during the war.

While it makes a plea for the utilization of the over-45 worker, NES has only one solution to offer: A change in the attitude of employers is the only hope we have, they say, of keeping the estimated 31 per cent of over 45'ers in the nation's population on the job.

2nd Nominee For Course

Edmonton's second nominee for the Camp Borden civil defence course was named today.

George Williamson, assistant fire chief and departmental instructor, will go with safety officer Hugh Davidson to take the federal government sponsored three-week training, Acting Mayor Dick Hanna said.

So far, Edmonton is the only city in Alberta to act on the provincial government's request for nominees to take the course, first of which starts Oct. 2, and return to train other city employes in civil defence measures, according to a government spokesman.

Provincial nominees are expected to take the course which starts Oct. 2, and city nominees will take later courses.

Alta. Farmers Also Protesting Wheat Grades

Low grading on wheat grain has sent some northern Alberta farmers "up in arms".

The dispute on grading of wheat which a few days ago started in Saskatchewan reached Alberta today with complaints being sent to president Carl Stimpfle, Farmers' Union of Alberta.

Mr. Stimpfle has contacted Saskatchewan Farmers' Union and hopes to arrange an inter-provincial meeting next Wednesday to decide action to be taken.

"Northern Alberta farmers have just started to sell their grain, so I haven't received many complaints yet," said Mr. Stimple today. He expects they will grow in number next week.

Home Building Lags Behind 1949

But Business Constructions Pull General Total Into Lead

New home construction in Edmonton this year is lagging behind 1949, despite the fact that total building permits are slightly ahead of last year.

To date this year, a total of 2,089 permits has been issued by the city architect's department for new homes, worth $15,854,456.

To the end of September last year, permits had been issued for 2,514 new homes, worth $17,482,152.

During September, 138 home-building permits have been granted, at a total value of $1,100,000.

But during the same month last year, 351 were issued for construction worth $3,371,700.

Permits for all types of construction to date this year are expected to pass the $32,000,000 mark today, and by the end of September to pass last year's September 31 total of $32,481,391.

NEW PERMITS

Three contractors today took permits for 17 new homes worth $127,200.

Wheeler and McLachlan will build seven homes in the 106 block on 61 avenue, worth $52,200.

H. Holowaychuck will build five, each worth $7,500, in the new Parkallan subdivision, between 62 and 63 avenue on 112A street.

Andy's Construction also plans to build five homes worth $7,500 each in Parkallan, between 111 and 112 streets on 62 avenue.

Bay Manager Arrives Here

Several top officials of Hudson's Bay Co. are in Edmonton today for a conference.

Included in the group is Ingar Telmer, Winnipeg, recently appointed manager of the Hudson's Bay Co. store in Edmonton, succeeding H. S. A. Johnson.

Mr. Johnson has been appointed manager of the Winnipeg Bay store.

Heading the group is F. F. Martin, manager of retail stores for the company in Western Canada.

In addition there are C. N. Chubb, manager of the Victoria store and A. J. Gilbert of Winnipeg.

Alberta Called World's Richest Fuel Storehouse

Alberta is the world's richest storehouse of coal, gas and oil, in the opinion of Dr. Charles Camsell, former deputy minister of mines and resources, who is visiting Edmonton today.

The former Federal deputy is spending a couple of days here with Mrs. Camsell and their children, on the way back to Ottawa from Banff and Jasper.

Dr. Camsell attended the meeting of Northwest Development Committee of Canadian Chamber of Commerce that preceded the annual meeting of the commerce body in Banff earlier this week.

Dr. Camsell is a past-president of the Canadian Institute of Mining and Metallurgy.

He admitted the immediate outlook for coal markets in Alberta is not good because this province is so rich in basic fuels. But he feels the long-term view should be one of optimism.

A good highway from Edmonton to Dawson Creek is essential to the development of the northwestern mineral area, Dr. Camsell said.

He plans a tour of Edmonton oil fields and refineries before leaving for Ottawa.

Province Repaid $769,100 For St. Mary Project

Dominion government yesterday made payment to Alberta department of agriculture, re-imbursing the department for $769,100 spent for construction of the Jensen reservoir in the St. Mary irrigation development.

The development is located south of Lethbridge and forms part of the new major irrigation project for Southern Alberta. Costs of the project are shared between the Dominion and the province.

Beyond Council's Power

Citizens will search Edmonton's charter in vain for any clause or provision which gives the city council the power to subsidize any industry within the province or elsewhere.

Therefore the council definitely exceeds its authority when it flouts the recommendation of the commissioners and agrees to buy coal for the power plant at an unnecessarily high price for the sake of supporting certain provincial coal mines.

Coal from strip mines has been offered to the city at $2.10 per ton.

Coal from underground mines has been quoted at $2.35 per ton.

Experienced coal men say there is no overall difference, in the long run, between strip coal and vein coal for the purposes of the power house.

Council thinks the underground mines should be supported. For that reason it has instructed the power plant superintendent to buy from the underground mines at $2.25 a ton although the commissioners had recommended that the quotation of $2.10 should set the entire price.

This aldermanic action is a flagrant breach of trust.

It violates the first principle of council's responsibility which is to the taxpayers and citizens of Edmonton.

No industry anywhere should be subsidized by Edmonton at the expense of Edmonton people.

This action is particularly flagrant and high-handed in view of the fact that gas-fed boilers can be fired at a cost equivalent to coal at $1.90 per ton.

This opinion does not imply that coal mines should not be subsidized. It does not imply that Edmonton people feel no sympathy for the plight of Alberta coal operators.

On the contrary, there is wide concern in Edmonton over the plight of the coal industry in this province.

But the solution falls within the responsibility of the province, not the city.

The city council has only one duty—to legislate on civic affairs in such a manner that the city may be administered as efficiently and economically as possible.

The council, in this case, has gone far beyond its duty and far beyond its rights.

Democratic Unity Is Now In Sight

While democratic unity of a sort is slowly taking shape in Korea, it is a ridiculous mistake to insist that it is unity under the United Nations.

There is a steady flow of reinforcements from the United States. Promised in the near future are further reinforcements from Britain, France, Holland, Turkey, Siam and the Philippines. A little later, more troops will come from New Zealand and Australia. At some indeterminate time Canada's forces will arrive.

Now all this is an example of the ability of free nations to unite to resist aggression.

But all these forces represent nothing more than a union of free nations. No matter what flag flies over the battlefield, they are not forces of the United Nations.

They are not forces of the United Nations because the United Nations organization includes Russia and the Russian satellites and that Communistic group is bitterly opposed to resistance in Korea and can kill any attempt to resist aggression by using the power of the veto.

It is just as absurd for these free nations fighting in Korea to say they are the United Nations as it would be for the Russians to move in with their stooges behind the North Koreans and declare that they were the United Nations.

Obviously when the United Nations are divided they are no longer the United Nations.

But no matter what you call this concerted effort to fight aggression in Korea, it is highly significant of the growing coherency of democratic thought and action.

It should not only give decisive results in Korea, but it should stimulate the ponderous and confused efforts of European nations to organize a common military force on that continent.

If the Russians give the European bloc time to succeed, a second weak point in the dyke against Communism will have been strengthened.

It should be recalled that Russia has never been too enthusiastic about aggressive action against an enemy that might win.

The Russian record is one of imperialist expansion in areas where no serious opposition was ever established.

The major Russian wars, as against Germany and Japan, have been almost entirely defensive.

Edmonton's Prosperity Is Soundly Based

More restrained Edmontonians may cringe from applying the term "boom" to what is happening on every side.

But they certainly cannot sidestep pyramiding evidence of the city's substantial, well-rooted growth.

Oil development, far northern mineral expansion, and the basic farming economy of Alberta, all are sweeping Edmonton to new heights as a Canadian and world centre.

The fact that the five city-owned utilities during July piled up twice the surplus of the same month last year is sound evidence of the city's expansion.

Total surplus for the first seven months of this year was almost 50 per cent higher than the corresponding period last year, while utilities' tax payments to city coffers were also up.

City building inspectors are coping with new city construction projects that daily set new all-time records.

On every hand, confidence in the city's future is obvious.

City Planner Dant's proposal to incorporate new areas into the city limits, to cope with an eventual population of 300,000 in 10 or 15 years, clearly shows that officials are laying firm groundwork for the future.

When November's civic election rolls around, and taxpayers are asked to ballot on pledging the city's credit for loans of yet undetermined millions for 1951 capital expenditures, it would be well for them to keep in mind the abundant indication of continuing prosperity.

PITCHING HORSESHOES

By Billy Rose

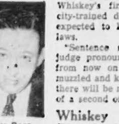
Promptness of Confession Saves Life of Boy's Pet

For the benefit of the hordes who love dogs and the handfuls who love humans, I reproduce a letter which I received recently from a man who lives in a small town in New Jersey:

Dear Billy:

On Wednesday, August 30, the following item appeared in a New York newspaper:

"Sympathetic neighbors began a door-to-door search in a 25-block area of Yorkville yesterday in a last desperate attempt to save 8-year-old Joseph Young from the perilous necessity of anti-rabies shots. That Friday morning the boy was bitten on the left leg by a small black-and-white fox terrier, and unless the dog is located and found to be free from rabies, Joseph will have to submit to a series of 14 injections. He suffers from a rheumatic heart condition, and the family doctor has warned that the reaction from the shots might be fatal."



Billy Rose

Since this item appeared, several similar cases have been reported in the local press, and for the benefit of dog owners who are reluctant to turn over their pets to the authorities under such circumstances, I'd like to pass along the following true story.

Whisky Pooch Too Urban

A couple of years ago a city family named Myers bought a house in our neck of the woods opposite the Widow McMinn's farm. The Myers had a 9-year-old son named Billy, and Billy had a Scotch terrier named Whiskey—and three weeks after the family moved in the widow hailed them into court on the charge of harboring a vicious animal.

It seems that Whiskey, unused to life in the country, had reduced one of the lady's white Leghorns to a disorderly pile of feathers, and under our local statutes a "killer" dog must be sent to the pound and asphyxiated.

Judge Allan Gedney, however, found two mitigating circumstances— (a) the chicken had committed the initial misdemeanor by trespassing on the Myers' property, and (b) this was Whiskey's first offense, and a city-trained dog could hardly be expected to know all the rural laws.

"Sentence suspended," the judge pronounced to Billy, "but from now on the dog is to be muzzled and kept on a leash. And there will be no clemency in case of a second offense."

Whiskey Bites Again

A week later, Billy was walking Whiskey through town—leashed but unmuzzled—when he bumped into Mrs. McMinn coming out of the supermarket, her arms full of bundles. Scared stiff that she would notice the uncaged nose of his pet, the kid turned and raced down the street—and ran smack-dab into even worse trouble.

The trouble was a local boy named Randy, several inches taller than Billy, who decided he didn't like the "fancy-pants" from the city and started to rough him up. That is, he did until Whiskey sized up the situation and nipped the bully neatly in the leg.

Billy took one look at the blood oozing from his adversary's stocking, and another at the Widow McMinn, who was still standing in front of the store. Then he grabbed the leash, dashed into the nearest alley and didn't stop running until he was home.

That evening our local paper carried the story about Randy being bitten by an unidentified dog, and at the dinner table Billy's father read it aloud. When he came to the part about the 14 painful injections which Randy would have to take if the dog wasn't located, Billy asked to be excused and went to his room.

Billy Decides To Confess

Later that evening, knowing full well that it meant the death of his pet, he confessed to his parents that the culprit they were looking for was Whiskey.

Next morning the terrier was found free of rabies but the parents of Randy filed a complaint against the Myers family. At the trial the same judge presided, and to make matters worse the Widow McMinn stepped forward and asked permission to address the Court.

"Your Honor," she began, "it so happens that I witnessed the whole thing, and although, as the Court knows, I ain't overfond of this p'tickler dog, I want to see justice done. I've always heard tell that self-defense, with or without a weapon, is a good defense in a court of law.

"Well, seeing as how this small boy was attacked by the bigger boy—and the only weapon he had to defend himself with was his dog—I say that this dog acted not as a dog in this p'tickler case but as a weapon.

"I, of course, intended to report the matter to the police, but the little fella beat me to it, and seeing as how Your Honor warned him what would happen to his dog in case of a second offence, I think he deserves a whale of credit for bringing the critter forward voluntarily."

The prosecuting parties quickly saw the justice of the widow's plea, as did the court, and the case against Whiskey was dismissed.

Very truly yours,
Allan J. Gedney,
Justice of the Peace.

Letters to the Editor

Open Letter To Stalin

Editor, Bulletin—Dear Uncle Joe, you're going to be surprised at hearing from me, because I'm not one of The Party, or even a fellow-traveller, but I just thought I'd write and tell you there's good news tonight.

Did you ever, even in your wildest dreams, think of bringing every single train in Canada, freight or passenger, to a halt? Well, it's been done, and your boys didn't have to lift a hand. Over 84,000 miles of track, spanning ocean to ocean, and not a wheel turning on them for a week. Just think what it means. Up in the Niagara peninsula of Ontario is one of the finest fruit belts in the world. No finer peaches to be had, only they'll not be had. The railways used to run up cars at night and the farmers would load them at sun-up, so that the fruit would reach the markets at the peak of its golden, luscious goodness. In Quebec, we have marvellous tomatoes, great meaty ones that when red-ripened on the vine make wonderful eating . . . with no way of getting them to market they can rot on the vine. Meat has been pretty high here, but my butcher tells me that this week lamb and beef will go up as much as 12 cents a pound, because having to bring it in by truck raises the price just that much. I work for a great oil company, which has spent millions in building up a business employing hundreds of people at excellent wages under ideal working conditions, but for a week they have been stuck with the wages of all these workers and the maintenance of vast refineries and exploration out in the West because not a tank car has carried a gallon of gasoline.

But I needn't tell you, you're the master saboteur and can figure things out for yourself. But tell me, could any of your boys have done better? Do you have anyone who could have got 125,000 railway employes to walk off the job because they want to work only forty hours a week but be paid for forty-four? And, of course, the pay-off is that the Government gets blamed! Regardless of the fact that we have here no democratic (excuse the expression, please) legislation enabling any Federal Government to take action to prevent strikes and walkouts in public utilities, the Government gets blamed for it all! The Prime Minister is forced to recall Parliament—can you imagine Tim Buck being able to swing anything like that?—and from all parts of Canada its members are being brought back to Ottawa by air-lift. What they will or can do remains to be seen.

Meanwhile, Uncle Joe, things are certainly going swell from your point of view. A lot of well-meaning people have been screaming to Heaven about the communist menace, and a lot who have nothing to say, instead of abstaining from giving evidence of that fact, can always make a paragraph or two by declaring themselves the implacable foes of Communism. Good for you that all the bushwhacking helps dim out the conviction that actions speak louder than words, and that which we call a Communist can louse up things just as badly under any other name. Just so long as they concentrate on people like Paul Robeson, whom you so wisely use solely as loud-speakers, they're more apt to overlook the fact that communistic action, which has as its mainspring sabotage in order to bring embarrassment upon the Government, is still communistic action, no matter who performs it.

The other day the American army took over their railways. Things are certainly going great guns for you down there, too. And they'll continue to do so until somebody decides to stop calling names and make a swing for the fellow who practises what you preach, even though officially he doesn't belong in your league. But until that day comes, you can just tell Malik down at the United Nations to keep on needling the boys—pricking them just enough and often so that they'll hardly notice the stab in the back when it comes.

SO WHAT AM I?

Spread Gospel

Editor, Bulletin.—In view of the present danger of atomic conflict engulfing the world, I would like to suggest that, through various agencies, the gospel of the kingdom of heaven be spread to every part of the globe.

Are we gullible enough to hope that we can prevent conflict, this generation, after 6000 years of continuous failure? Shall we wait for the bombs to fall before asking Divine aid, the only thing that can save mankind from the results of its folly?

The world needs a Messiah, as dictator, no less, and Matthew 23:39 gives both promise and invitation: "Ye shall not see me henceforth until ye shall say blessed is he that cometh in the name of the Lord."

What are we waiting for? Do you know any other solution for the ills of the world? Let the grace of God be made manifest.

Not How Long But How

Editor, Bulletin—I'd like to say a few words in regard to the letter written by the ex-RCAF who was so weary of war and wonders why our press and our people talk in terms of war instead of peace these days.

Surely he, of all people, should know that there's one thing more important than "how long" we live—that thing is "how" we live.

It is sad and depressing to live in the atom age when especially one of the world's biggest nations is seeking world dominion and trying within and without our shores to undermine our democratic and, yes, Christian way of life, and government as well.

So what? Should we bury our head in the sand while this opposition of force and un-Christian principles strip every ideal from us? We didn't light the flagrant fire, but we must meet fire with fire. Peace is not preferable to righteous indignation, even in Christian ideals. . . .

We all long for peace, but we can't be known as soft and vulnerable, even if we do operate a lot on faith.

The main trouble is, as I see it, that too many of us don't think deep and far enough to realize just how seriously our ideals and Christian principles are jeopardized. We have to think these things through and take our stand for right or wrong and hope that what we decide is right, and then be prepared to die for what is our highest conception of right. The Communist who is usually a person not educated in Christian principles but a materialist who is blinded by promise of material things and who trusts in no forces higher than his gun and his hands and knows not of God, thinks he is right and is prepared to die for what he thinks. How much more easily can we be prepared to fight and die for what we know is right?

There can be peace in the heart of a dying man who knows he has done right, but woe to the man whose conscience or doubt smites him when material things have ceased to be of use to him and spiritual sustainment is out of his reach.

It's not "how long" we live, but "how" we live.

Pensioners Plight

Editor, Bulletin.—It's sure tough on the poor old age pensioners the way prices have been going sky high for meats, sugar, coffee, bread, haircuts and what have you?

Is it any wonder we have demands for wage increases and strikes?

It looks like a game of give and take — the employer gives increases and then takes them back on the double.

It's time for government action and controls again.

Tito Seeks Tourists from West

Marshal Josip Broz Tito's Yugoslav government wants and needs hard cash from the Western world. In return it promises to tourists sunshine, sea and a big dash of scenery.

On a 50-50 basis, the trade seems fair enough. There are few places the world over which can duplicate the grandeur of Slovenia's snow-capped mountains, or match the sheer loveliness of the history-wrapped Dalmation seacoast.

There are no hot dog stands or ice cream nooks. The roads are rough and the hotels frequently crowded. But the food is adequate and the hotels are accommodating. The scenery comes free. And there's a chance to sit in on a sideline of history.

Only a year ago there seemed little chance that Yugoslavia could pad its pocketbook with cash from the tourist trade. United States passports were stamped "not valid in Yugoslavia." Russia and the Soviet satellites were boycotting the country as a result of Tito's stand for independence.

The Cominform boycott continues, but the U.S. state department has erased its restriction against travel in Yugoslavia as part of a broad plan to encourage Tito's independence and his challenge of the Kremlin.

There has been nothing sensational, to be sure, about the increase in the tourist traffic this year. It's still a far cry from the pre-war years when holiday trippers thronged such beauty spots as Dubrovnik, Bled, Split and Obatia.

But, slowly, they have started coming back—despite difficulties in Britain over currency limitations, the concern internationally over the Korean war, and the possibility Yugoslavia may be the next target for a Communist attack.

The government itself has taken an important step to encourage visitors. For the tourists, it offers a cut-rate dinar (officially worth two cents) at half the nominal value in order to get hard cash in return.

That has helped—not only to bring more tourists, but to build up the trade with which Tito hopes to finance his five-year program for balancing Yugoslavia's agricultural economy with an industrial machine of its own.

If Conscription Let It Be Total

One of the top arm-chair experts of World War Two has come up with a prize arm-chair brasshat proposal.

He urges immediate conscription for Canada, but would exclude the people of the province of Quebec!

As a sure-fire short cut to civil war in Canada that proposal merits the leather medal. As a means of building up military strength in Canada to help prevent or help win a future big war it rates the booby prize.

If we ever have to have conscription in Canada again let's do the job right.

Without Distinction

Let's take the men and women we need without distinction of religion, language, race or social status. But let's never again commit the crime that we did in both the previous world wars; that is, to conscript human life but not simultaneously conscript wealth.

Let's enact laws to take all the money and property we need before we take a single boy or girl. Let's conscript money and not just flesh and blood.

The plain fact was that in the first two world wars we created a whole new millionaire class. No honest person could deny that the rich and well-to-do paid their full share of the most costly of all taxation—in flesh and blood and life and limb of their own sons.

Person for person, and family for family, the human cost of two world wars fell a bit more heavily on rich Canadians than on the not-so-rich.

But Rich Grew Richer

But the rich, as a class, emerged enormously more wealthy than they were before the two world wars. This was chiefly due to the high profits on the unlimited market which war needs provided.

Canada as a country needed and wanted war supplies. The businessman class managed the job of fabricating the manufactured goods. They were well paid for this service.

Their pay took two forms, partly what they drew in salaries and dividends, and partly what they accumulated in physical property.

Canada, unlike Britain and the U.S.A., still has no "capital gains" tax. Hence the biggest Canadian fortunes that were made in Hitler's war came in the form of increased values of property holdings.

Legion Plan Was Forgotten

For years before World War two the Canadian Legion stood for a policy of total conscription. The Legion was specific that there must be conscription of money and wealth as well as conscription of manpower.

When the war actually came the Legion temporarily dropped its advocacy of conscription of manpower and completely forgot its pre-war demand for conscription of wealth.

That seems to me to have been a major blunder. War may sometimes be inescapable. In a true democracy conscription seems to me to be the only fair way of raising an army.

But to say to an 18-year-old boy "we need your life" while not saying to the millionaire "we need your extra millions" is not democracy but monstrosity.

"Dear Mother: Please let me have $35 for a new dress right away. I've had six dates with Johnny and I have worn each of the dresses I brought with me. Have a date next Monday night and must have another dress right away."

Her mother replied via Western Union: Get another boy friend and start all over again.

Game Called

The tarpaulin has been lowered. Now the crew
Look on and wait; there is nothing more to do.
The stands begin to empty, as the crowds
Can see no chink between the pewter clouds.
Time has been called; the players hang about
Until the last thin hope has trickled out,
And it is over. Now the fans depart,
The tarpaulin no heavier than each heart.
Yet one remains—there, in the topmost row
A small boy lags, as if still loath to go,
Clutching his rain check, choking back his sorow,
Eternity between him and tomorrow.

James Thurber, the author, is not mechanically minded. One day, when he was out driving his car, he glanced at the dashboard and observed to his horror that one of the dials read 770.

"Good heavens!" he muttered. "This car is burning up."

Fearing an explosion at any moment, he pulled in at the nearest service station and excitedly stammered his predicament to the attendant. The latter listened patiently, then stepped into the car to take a look. Thurber retired behind the gas pump, his face white.

"Well," asked the humorist nervously, "have you located the trouble?"

"Yes," replied the attendant. "Your radio is turned to wjz."

He was not a good golfer and he was playing for the first time on a championship course. A sliced drive and an even more badly-sliced second shot, took him far from the fairway. When at length he found his ball he turned to his caddie.

"What direction is the green from here?" he inquired, hopefully.

"Due west, sir," replied the caddie, sardonically. "If we nip through this 'edge 'ere we can get a bus."

Near-torrential rains had caused a minor flood to pour into the basement of the young couple's home. The husband, a naturally cheerful type, surveyed the damage with a shrug. But his wife was [illegible] "Our beautiful rumpus room!" she wailed. "Mud all over the floor, paint peeling off the walls, and the furniture ruined!"

"Well," observed her husband philosophically, "I'll bet it got rid of the mice."

ALUMINUM AS A building material is displayed at this booth at Better Homes Exposition opening Monday in Edmonton exhibition pavilion. Total of 50,000 persons attended first show last year, more are expected this year. Model home and latest building techniques and gadgets will be displayed.

Preparations for Better Homes Show On Schedule

All is rapidly getting in readiness for Edmonton's Second Annual Better Homes Exposition, scheduled for the Exhibition Sales Pavilion all next week.

After weeks of advance planning, officials of the Edmonton House Builders' Association working in close harmony with the Exposition staff, reports most of the preparatory details well on schedule.

Construction of the Exposition's $14,000 Home of Today, is now completed and at the moment it is being furnished to the minutest detail. The dream home was constructed by the Exposition management working in close co-operation with the Edmonton House Builders' Association. It is being furnished by Sprague Furniture Limited.

Following the Home Show the Home of Today will be offered for sale to the highest bidder. It is located at the rear of the Sales Pavilion and will be accessable through several exits off the display section.

Meanwhile the interior of the Pavilion is rapidly taking the appearance of a bee hive.

Exhibitors, both local and national, are rapidly laying out their display stalls, while painters, decorators and planners are attempting to keep one jump ahead of the deadline in every stall and in every department.

A carload of fixtures and decorations owned by the show management will be put into place between now and Monday. These are the basic fixtures and decorations that lend continuity to the entire show.

While all this going on in the main part of the sales pavilion, another portion is exceptionally busy in its own right. More than 150 exhibitors in the Home of Tomorrow are bringing in their entries today, and display men are working overtime determined to have the models ready for judging at the weekend. Winner of this contest will be announced next Tuesday and the models of the winners and runners-up will remain on display throughout the week. Plans are underway to have the five winners compete at the National "Home of Tomorrow" contest at Montreal next May.

BLIND HOLE DRILLING EASY

When drilling blind holes with a hand drill, it is next to impossible to gauge the depth exactly by eye.

If you want to be sure that all the holes are just the right depth, slip a rubber disc over the bit so that the tip projects the desired distance.

Stop drilling when the disc contacts the surface of the work. The disc can be cut from 1/13 to ⅛-in. sheet rubber and the centre of the disc is slit to receive the bit.

WIMBOURNE, Dorset, Eng. — (CP)—Prices were cheap at a jumble sale here. Camp beds were going for three-pence (about four cents) each, while carpet sweepers were selling at a penny a time.

QUEEN CONTEST

Winners To Be Rewarded By Stores

It's "off to Hollywood" this month for six lucky Queens from Edmonton.

Every day next week at the big Better Homes Exposition one woman will be crowned Queen of the Show—with a free ticket to Hollywood as a coronation gift.

In addition, local merchants are rallying round to honor the queens with additional gifts to make the event linger even more pleasantly in memory.

Names of three contestants will be drawn from a barrel on the stage of the exhibition pavilion daily at 4:45 p.m. The three women will take part in a simple, friendly quiz and the winner will be "off to Hollywood!"

The queens will be given a free, 14-day expense-free trip to Los Angeles, travelling almost 4,000 miles through the most scenic parts of the American west. In Hollywood they will be taken on two specially conducted tours of Glamorland.

The contest is open to any woman in northern Alberta. Contestants will signify what day they will attend the show. They must, of course, be present at the time of the drawing.

Coupons Cut Entry Price

Thousands of Edmontonians have tucked away for safe keeping two "exposition" coupons" they received attached to their monthly natural gas bill the latter part of August.

These coupons will be used by the thousands during the week of the Edmonton Better Homes Exposition scheduled for the Sales Pavilion at the Exhibition Grounds all next week.

Presentation of the coupon at the admission gate any day next week together with thirty-five cents will mean admission to the exposition. Without the coupon, the admission price will be sixty cents.

Forty thousand coupons were distributed to Edmonton householders through courtesy of Northwestern Utilities Limited as a public service.

Wives are advised not to be too hasty in their judgment if the husband cries the name of some other woman in his sleep; he may be dreaming of a companion of kindergarten days.

A Golden Model Community

Buy Your Home in a "GOLDEN" Planned Community

Your Choice of Many Fine Plans
★
Low Down Payment Easy Monthly Payments
★
Completely Modern

Nothing else you can buy with your money lasts so long, serves so well, gives so much value year in, year out, as your own home. It is at once the badge of solid citizenship and the mark of a man who is striving to provide security for his family.

The house you buy today provides shelter and a good life for your family now and, as you pay for it, month by month, it helps you build a solid financial future for yourself. Of all the things you can buy only a home retains its real worth—twenty, thirty, forty years from now it will give you safe, secure shelter. All that this house actually costs you is the down payment, your monthly payments are both rent and savings. How else can you provide so much comfort, happiness and security for your family and yourself, than in a home of your own?

Stocks depreciate, bonds default, even savings accounts may be depleted, but as long as your home stands, it is shelter, security and stability for you and your family.

Fortunate indeed is the man who owns his own home. It gives purpose to your family life. Come war or inflation, your savings invested in a home always yield their full measure of value in shelter, comfort and satisfaction. We learned during the depression of the thirties that it is neither wise, profitable nor necessary to take an honest man's home from hm. We learned that there are measures that can be taken to help a man hold his home.

Rust Around Home Can Cost Money

Easy, Cheap to Prevent Destructive Corrosion

By BOB SCHARFF

No home is safe from rust or as it is more formally known, corrosion. Now when metal parts are so expensive, it is especially important to guard your home against it. Proper care is easy and cheap.

Paint is your best rust preventive. While the wood framing of your house needs painting only every few years, exposed metal parts maye require yearly painting or must have at least yearly inspection.

Flashing around dormers, soil pipe vents, chimney, and roof valleys should be closely inspected for signs of corrosion.

Tin roofs, gutters and downspouts should also come in for careful scrutiny, too. But before painting, repair or replacement should come first.

LOOSE DEBRIS

After repairing and cleaning out of all loose debris, remove all rust, old paint and dirt with coarse sandpaper, wire brush and an old scrubbing brush.

And don't neglect any of those rust-filled corners and crevices. Then, prime all the exposed metal with a mixture of red lead and linseed oil (4 cups of dry red lead to 1 cup of raw linseed oil) or any of the good quality rust resisting paints on the market.

It is not necessary to thin paint intended for metal priming. A little paint goes a long way in painting on metal since there is no penetration.

It must howover be brushed on evenly and firmly to eliminate air that would interfere with good adhesion. Apply two coats of metal primer on all sections that have been rusting.

LID ON PAINT CAN

Keep the lid on the paint can when not in use. Most metal priming paints dry rapidly or set hard in cans if exposed to the air too long at a time and are thus wasted as they cannot be re-thinned for painting.

After metal priming paint is dry, apply ordinary house paint as the finishing coats in the same method as when painting exterior woodwork. Allow ample time between coats for drying.

Steel sash, especially in the basement, won't last long unless it is adequately puttied and painted both inside and outside.

Coat the sash with a good metal paint or enamel once a year and you can be sure that rust will make no headway.

Also give your metal fences, metal garage doors, exposed piping and metal railings the same treatment. Paint all outside metal furniture before putting it away for the winter.

Soak in kerosene and brush with grease all garden and carpentry tools that are to be stored for long periods.

A dish or bag of calcium chloride or similar moisture absorbing chemicals in every tool drawer or chest will stop rusting of your tools. These materials must be renewed frequently to make up the loss due to liquification.

Sometimes corrosion of metal water pipes or metal objects that are near water is greatly speeded by stray electric currents. If you have reason to suspect this type of corrosion in your basement, call the local utility company to check. The continuous conduction of even a small electric current corrodes some metals in a few months.

WOODEN ARM HELPS GLAZING

If a hook-shaped wooden arm is screwed to each leg of a stepladder, it takes only a moment to transform the ladder into a convenient easel for glazing window sash.

The hooks are pulled outward when needed and pushed up along the leg when not in use.

Stop blocks along the rear edge of the leg keep the hooks from from dropping when the sash is rested on them.

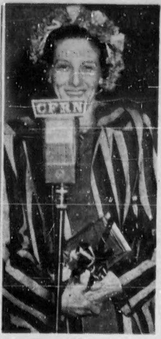
Home Economist Takes New Post

STETTLER, Sept. 15—Helen Robinson of Clyde, newly arrived district home economist, has replaced Miss P. Mewha, who was transferred to Calgary.

Miss Robinson serves a district which includes Stettler, Drumheller, Hanna and Youngstown.

Under the guidance of department of extension, a two days sewing clinic was held last week in Stettler, by Helen Moseson, instructor at Olds, and sponsored by the Stettler Women's Institute.

ILFRACOMBE, Devon, Eng. —(CP)—During Ilfracombe's carnival week 20 waitresses in full uniform ran a mile-long race carrying a tray of water-filled glasses. Last year the last girl to finish won—she was the only one who didn't spill any water.



QUEENS of Better Homes Exposition will win exciting 14-day free trip to Hollywood. Queen of Show last year was Mrs. W. H. Leach, seen telling the folks how it feels to have dreams come true.

LEICESTER, Eng. — (CP) — Leicester's former health officer, Dr. C. Killick Millard, bought himself a motorcycle for his 80th birthday.

Rooms Not Ready For Opening Day

ATHABASCA, Sept. 15 — Confusion was encountered in school re-opening in Athabasca when two new rooms expected to be ready for occupancy in the new school under construction on the south hill, were not completed.

Greatest increase in enrolment has been in grade nine, with a total of 380 students in the public and junior high school. High school figures are not yet complete on account of absence through harvesting operations.

Duke Ship Visits

ISTANBUL, Turkey, Sept. 15.—(Reuters)—The Duke of Edinburgh yesterday brought his ship, the 1,430-ton frigate Magpie, into the ancient Mediterranean port of Izmir for a two-day visit.

FOR BETTER LIVING

INSULATION PAYS FOR ITSELF IN A VERY SHORT TIME

Only 8 Hours to
"BLOW"
Your Home!

Insulating is not a lengthy process. The average house can be insulated in about 8 hours.

OUR MODERN BLOWER METHOD does the job quickly and efficiently causing you no fuss, bother or inconvenience.

- SUMMER COMFORT
  The same insulation that provides winter comfort will keep out summer heat and keep your home 20 to 30 degrees cooler.
- NO DELAY
  Don't wait until it's too late. Insulate NOW and be sure of prompt service.
- A HEALTHY HOME
  You can't sleep comfortably in a bedroom that's too hot. Insulation keeps out the summer heat as efficiently as it keeps heat in during winter time. Insulated upstairs bedrooms are as comfortable as any room in the house.

Our methods are Modern and Efficient in include Insulating with

Shavings,
Rock Wool
and
Zonolite

Don't wait till late summer to place your order . . . do it Now and be sure of Prompt Efficient service.

Are Your Walls Marked By
UGLY
STAINS?

Whenever there is a difference in temperature between two walls or a roof, heat will travel from the warm side to the cold side . . . and there occurs a condensation making a dirty ugly stain.

If your attic is not insulated, heat escapes through the roof and the melted snow forms ice in the eaves (see illustration) and moisture from the melting ice seeps through the wall causing unsightly stains and loosens plaster and wallpaper.

You can stop this costly annoyance by insulating the walls and attic of your home.

TEAMING UP AGAIN for first time since "Flamingo Road" is heavily-scoring star team of Joan Crawford and David Brian who will be seen in "The Damned Don't Cry" which begins Friday at Capitol Theatre. Steve Cochran, Kent Smith and Selena Royle also star in the Warner Bros. presentation.

Sensational Starring Team Scores Solid Success Again

Warner Bros. sensational star-team Joan Crawford and David Brian are back, in "The Damned Don't Cry" which opens Friday at the Capitol Theatre.

Miss Crawford plays the part of Lorna Hansen Forbes, a beautiful woman who rises from middle-class surroundings to become one of the most sought-after women in the country.

"The Damned Don't Cry" has for a background the gay but desperate life of big-time gamblers, racket operators and gangsters who live in a demi-world of respectability in the lushest resort capitals of the country.

REPEATS SUCCESS

How she becomes the confidante of a gambling syndicate chief comprises the first half of the story. David Brian, in the lead male role, repeats the success he scored as Miss Crawford's leading man in "Flamingo Road."

He sends her to check on the activities of a henchman whom he suspects of double-dealing, and the complications which arise out of this situation combine to make the picture one of the leading action dramas of the year.

Others in the strong supporting cast include Steve Cochran, Ken Smith, Hugh Sanders and Selena Boyle. Vincent Sherman directed.

Conference Delegate

HANNA, Sept. 15—Steve Allen, member of local branch of Brotherhood of Railway Carmen of America, is attending the convention of grand lodge at Kansas City, Missouri, as delegate.

Pipe Shortage Delays Project

CALMAR, Sept. 15—Local water and sewage project is running on schedule, although a pipe shortage causes a short delay.

Today is closing date for applications for installation of the systems. Films of the new project were taken last week by the Alberta department of health.

No definate settlement of the proposed natural gas system has been reached, however, W. J. Gray, consulting engineer for Calmar Utilities Company, interviewed the council briefly Tuesday night.

Wheat Delivered

EVANSBURG, Sept. 15—A. Neuman of Entwistle delivered the first new wheat in this district to United Grain Growers in Evansburg. O. F. Smith, also of Entwistle, brought in new barley.

TENSE AND UNUSUAL story of whole city threatened by outbreak of plague is "Panic in the Streets," starring Richard Widmark and Barbara Bel Geddes, which opens today at Rialto Theatre. All-star cast also includes Paul Douglas.

Manoeuvers Held Near Stettler

STETTLER, Sept. 15—A "William Tear" scheme was held by B. Squadron, K. O. Calg. Reg. Sunday, north of the Buena Vista School where eight vehicles equipped with wireless were used.

Intention of the manoeuver was to clear centre line from here to Meeting Creek. Following this the squadron took part in convoy trailing.

Major S. Legg was in command with Capt. J. Armstrong in charge of training.

All members of the squadron are working hard towards the opening on Oct. 19th of the Armouries.

LONDON — (CP) — A Stanley crane escaping from its paddock in London's Regent's Park zoo flew straight into the arms of its keeper.

Carrot Creek Wins Tourney

CARROT CREEK, Sept. 15—Carrot Creek Girls Softball Club won first prize of $100. in Edson last week.

In the first game the score was 7-2 in favor of Carrot Creek with Edson. Wildwood won by default when Jasper girls failed to show up. The final match saw Carrot Creek come up on the top end of a 10-2 score.

Traffic Out of Ottawa Heavy As Emergency Meet Ends

OTTAWA, Sept. 15.—(BUP)—Members of parliament trekked homeward today after an 18-day emergency session in which they were brought here by airlift to settle the national rail strike and boost Canada's defence effort.

Rail traffic out of Ottawa was jammed. Extra cars were added to the Montreal, Toronto and transcontinental trains to handle the extra traffic.

The Senate late yesterday gave final reading to four bills providing for corporation income and excise tax increases under Finance Minister Douglas C. Abbott's $59,000,000 defence budget. Royal assent, making the bills the law of the land, was scheduled for 11 a.m., E.D.T., today.

The lawmakers were called to Ottawa to deal with complex problems. Government and opposition leaders alike had feared that the problems facing them would precipitate grave political reverses.

AIR OF CONFIDENCE

Today, however, members packed their bags with an air of confidence. The railway strike had been settled. Its settlement brought no political setbacks. Parliament stood more united on foreign policy and defence preparations than they had expected.

On the defence picture, parliament pledged $300,000,000 for North Atlantic defences and authorized the dispatch of a special army force to serve under United Nations command when trained, in Korea or anywhere else needed to put down aggression.

On the home front, parliament granted Trade Minister C. D. Howe and Finance Minister D. C. Abbott stand-by power to impose restrictions on the price and movement of goods required for essential war industries, and to limit consumer time-buying schemes.

Parliament also gave its approval to a special $59,000,000 tax program to pay for this year's additional defence requirements. The amount was smaller than expected because the public treasury was expected to have a normal surplus this year of $180,000,000 when the government originally had anticipated only $20,000,000.

Members of parliament were promised by Prime Minister Louis St. Laurent that they would be recalled immediately if there was any major change in government defence plans. The house adjourned tentatively to Feb. 14, but authorized House Speaker Ross MacDonald to call it together earlier if needed.

Mr. St. Laurent said Canada would give all-out assistance to the strengthening of Western Europe, short of sending members of the armed forces overseas "at this time."

Moore Gets Tourist Post

CALGARY, Sept. 15.—(CP)—Brigadier W. W. Reid of Charlottetown, P.E.I., was elected president of the Canadian Tourist Association last night at the close of a two-day convention here. He succeeds George A. Martin of Muskoka, Ont.

Hon. R. H. Winters, minister of reconstruction at Ottawa, was named honorary president.

Ralph R. Moore, deputy minister of economic affairs for Alberta, R. G. Perry of Montreal and Clifford W. Hale, Toronto, were elected vice-presidents. Provincial cabinet ministers responsible for tourist promotion were appointed honorary vice-presidents.

Honorary life members elected were Hon. Justice A. E. Arsenault, Charlottetown, Dr. George H. Worthington, Vancouver, R. J. C. Stead, Ottawa and Dr. J. M. Gibbon, Montreal.

The convention in a resolution addressed to the Dominion government asked that the entrance fee to Banff and Yoho national parks levied on tourists be lifted in the case of tourists travelling the Trans-Canada Highway between Vancouver and Calgary and not stopping over in the parks.

Time Out

By DICK BEDDOES

ON PUMMELLING PAR

In company with two other mavericks from the newspaper trade, your reporter spoiled a good walk over the Country Club yesterday by playing golf.

The pair—John Hopkins and Geo. Gibson, two employees of that sheet sometimes referred to as the Old Lady of First Street—and this operator were, to coin a phrase, golf-awful.

★ ★ ★

In addition to being tough to play, the Country Club course throws a scare into most pedestrians who travel it for the first time.

For one thing, it is more than somewhat easy to get lost on the back nine. And testimony that several divot diggers have never returned from a Country Club tour came from Mr. Hopkins, who spent the majority of the afternoon in the woods. He discovered 63 human skeletons whilst searching for his ball.

The mortality rate on golf balls is also high. Several good men have died broke after losing a lifetime's supply of pesky pellets in Country Club's gaping gorges and densely wooded areas.

★ ★ ★

However, we hung tough and staggered to the bitter end.

And it was on the 18th and final hole that Mr. Gibson, a keen student of the game, got off a booming 29.8 yards drive.

Realizing that there was something wrong with his game, Mr. Gibson asked Mr. Hopkins: "How would you have played that shot?"

Replied his colleague, with a splendid disregard for diplomacy: "Under an assumed name."

★ ★ ★

It was after dipping my beak into a bucket of brew that I scribbled the following verse:

THE COUNTRY CLUB LAMENT

Oh, I am a handicap golfer, verging a bit on the wild,
So I gathered my weapons for battle, happy as any child.
My woods had been singing and soaring, my irons were crisp to the pin,
So I teed-up yesterday at Country Club, and felt in my heart that I'd win.

I am long from the tee up the fairway, clearing all briar and bush,
I am headed for triumph and glory, convinced this course I can crush;
When suddenly I slice to a gully, and there on a stone in the rough,
Were these words on a boulder written: "Brother, this course is tough!"

Yet I laughed as I swung my mashie, but things weren't going too fine,
The eight I took was a prelude to the next hole, where I got a nine;
Oh, I swore in a rage at that effort, blue was the air with my curse,
Beaten and humbled and wilted, I hobbled from awful to worse.

Finally I got myself cornered in a sand pit which made me cry,
So my partners looked down in sympathy and tossed me a slug of rye;
But before I drowned my sorrows on that soothing liquid stuff,
These words I scratched on a boulder: "Brother, this course is tough!"

Esks Nearing Top Shape Tackle Stamps Tomorrow

Eskimos gradually are rounding into top shape. This was evident as they sailed through a light workout at Clarke Stadium last night.

Decked out in sweat suits—the pads and other protective gear being left behind in the lockers—current Western Conference leaders carried on like a lot of young colts.

They tended to their knitting, yes. But as well they found time for some horse-play and a lot of kibitizing, back and forth. As one of the onlookers put it:

"A team's got to be in good shape to take to their work like those guys are."

Quarterbacks Lindy Berry and Bill Stukus ran two squads through a signal drill.

It's a monotonous procedure. But there's no substitute, if each man is to know what his job is when it comes time for the real thing.

★ ★ ★

Once the signal drill was over it was two-three times around the field for each player, then off to the showers. Bill Briggs, Coach Stukus and line-coach Don Durno stayed around to practise kicking.

End Morris (Snake) Bailey will not be in the line-up when Eskimos tackle Calgary Stampeders in the Cowtown tomorrow night. The young Texan is to be married in Fort Worth, just about the time Esks and Stamps will square away.

Stukus plans to have Bill Briggs and Harry Bunting share Bailey's regular assignment. Otherwise the club will be at full strength.

★ ★ ★

Team will travel south by bus, leaving tomorrow at 1:00 p.m. Plan is to stay overnight in Calgary, returning home sometime Sunday.

Coach Stukus does not fear Stampeders. However, he suggested last night "they'll be rough enough."

And very likely they will.

COAST JOCKEY RIDES FOUR IN A LINE

VANCOUVER, Sept. 15. — (CP) — Hardboot Henry Matthews established a racing monopoly yesterday, riding four straight winners in the top half of the Exhibition Park card.

Matthews was aboard Bill B in the fifth, Prince Harry in the sixth, Winikiup in the seventh and Ynez in the eighth.

Ynez ended in a dead heat for first place with Sweet Karen over six furlongs.

All-Kamloops Line Signs With Stamps

CALGARY, Sept. 15—(CP)—Experienced and young fellows will combine for the 1950-51 edition of Calgary Stampeders in the Western Canada Hockey league.

Manager Lloyd Turner of the Calgary Club, that last spring went to the Allan cup final Toronto Marlboros, yesterday announced the signing of four new players who last year starred with Kamloops Elks in the playdown series for the National hockey crown.

They had impressed Calgarians by the manner in which they played against Stampeders. "Valuable men to have on our side," thought Turner—and he got them.

The Kamloops forward line of Buzz Mellor, centre; Bill Hryciuk, right wing, and Don Campbell, left, will move into the Stampeder camp as a unit.

Don Clark, defenceman from Kamloops, also will be with the Calgary team when workouts start in Victoria Arena, Sept. 20.

Holdover Mitch Pechet and newcomer Don Anderson had signed with the club previously.

ESK GRIDDERS COACH HIGH SCHOOL TEAMS

With the High School Senior Football league opening slated for next Friday, coaches are running their squads through stiff daily workouts in preparation for the opener.

Majority of coaches are members of the powerful Eskimo gridders.

Jim Quandamatteo and Don Narrell are handling Eastwood. Don Durno is in charge at Westglen, Doug Pyzer 'has' champion Scona and Steve Mendryk is coach of his former school, Victoria, Steve Olander will be back at St. Joe's

Durnan Coaches Ottawa Senators

OTTAWA, Sept. 15—Bill Durnan is due in Ottawa today to assume his new duties as coach of the Ottawa Senators in the Quebec Hockey league.

Club president Tommy Gorman says the former star goalie of the Montreal Canadiens will start lining up his squad for the 1950-51 season Monday.

Durnan has several new prospects on the string.

Senators open their season Oct. 7 with an exhibition game against Chicago Black Hawks in Ottawa.

Fisher Confirmed As 'Hat Coach

MEDICINE HAT, Sept. 15—(CP)—An executive meeting of Medicine Hat Tigers hockey club yesterday named the team's first full-time secretary-manager and confirmed the appointment of Joe Fisher as coach for the third successive year.

Rod Ashburner, well-known sportsman and former newspaperman, will manage the Western Canada Junior Hockey league entry. Lorne Tansley was elected president.

Team starts fall training Oct. 3.

WANT NOVEMBER REMATCH

Montreal Fight Promoters Seek LaMotta-Dauthuille

By JACK HAND

DETROIT, Sept. 15—(AP)—Jake LaMotta's desperation knockout of France's Laurent Dauthuille Wednesday night with 13 seconds to go and the world middleweight title flying across the sea has stirred talk of a rematch.

Montreal wants the return for November, even on an over-the-weight basis, after last night's dramatic finish at Olympia stadium.

Although Jake is committed to defend his crown against Sugar Ray Robinson at Chicago during the second week of February, he is free to talk non-title matches.

"Robinson is my next defence," said LaMotta. "But I'll fight Dauthuille over the weight in Montreal if the price is right. They'll have to give me a big guarantee. And I mean big."

LaMotta, with three stitches in a gash under his left eye, planned to return to New York with his wife.

"I'll find out in a week or two what they have lined up for me at Madison Square Garden," said Jake, "I'm supposed to have a November date. I'd like to have one more fight this year, non-title."

Promoters Eddie Quinn and Raoul Godbout were bidding for the LaMotta-Dauthuille return at the Montreal Forum, where the game Frenchman has made his best fights.

Andre Harraut Dauthuille's French manager, said that "If LaMotta is a sportsman he'll give Laurent a return bout very soon."

Ringsiders still are wondering why Dauthuille, leading on all three official cards, chose to swap punches with Jake in the 15th and final round.

It seems trainer Heinie Blaustein of Baltimore told him to "run" and Barraut advised him to "fight like a champion." Laurent, understanding no English, may have got his orders mixed.

Ted Tappe Bangs Homer In Major League Debut

NEW YORK, Sept. 15—Ted Tappe, rookie firstsacker with Cincinnati Reds, made a sensational major league debut against Brooklyn Dodgers at Ebbetts Field yesterday.

Tappe, only recently recalled from Reds' Central League farm club at Charleston, went in as a pinch-hitter in the eighth inning of the opening game of a twin-bill and stung Brooklyn righthander Erv Palica for a home run.

Brooklyn won both games 6-3 and 5-2.

Tappe, from Bremerton, Wash. was signed by Reds after graduation from Washington State college in June. He played semi-professional baseball in Edmonton, Canada, in 1949.

YANKS BACK IN FIRST

New York Yankees thundered into first place in the Dramatic American league pennant race by turning back Detroit Tigers 7-5 before 20,853 fans in Detroit.

Home runs by Joe DiMaggio, Johnny Mize and Cliff Mapes turned the tide of battle in Yanks' favor after Tigers had clawed Vic Raschi for four runs in the first inning.

Raschi settled down after the first inning and permitted only four hits the rest of the way to gain his 20th victory.

Three double-plays and two fine catches by DiMaggio frustrated Tiger scoring bids until the seventh when they broke through for their final run on a double by Dono Kolloway, a ground-out and a single by George Kell.

Chicago White Sox defeated Philadelphia Athletics 5-2 in the only other American league day game. Sox scored all their runs in the first inning.

GIANTS SPLIT

New York Giants split a double-header with Pittsburgh Pirates, winning the nightcap 6-1 behind Jim Hearn, after dropping the first game to Murry Dickson, 7-1.

Johnny Sain became the third Boston pitcher to win 19 games as he pitched Braves to a 7-4 victory over Chicago Cubs. Warren Spahn and Vern Bickford are the other 19-game winners.

Bob Elliott and Sam Jethroe homered for Braves. Andy Pafko, Hank Sauer and Roy Smalley hit homers for Cubs.

National league-leading Phils kept six games in front of the pack when they eked out a 3-2 decision over Cards.

The blazing and amazing Browns won their eighth in a row by outclassing the powerful Red Sox 6-3 in the first of three games that may have a bearing on the hot American league pennant chase.

Dick Starr allowed Boston only seven hits, including Ted Williams' eighth-inning pinch double that drove in a run.

Canadians 'Advance'

Wins come easy for Canadians in the Junior Baseball league these these days.

Tuesday night, coach Gord Moore's Canucks won the first game in the best-of-three semi-final series for the city crown by default, Maple Leafs failing to put in an appearance.

Same situation prevailed last night at Clarke Stadium. As a result Canadians earned the right to meet CNR in the final without lifting a bat.

CNR and Canadians will meet in a best-of-five at a later date. Trainmen are presently engaged in a provincial series with Rosedale Midways.

Oct. 4 Likely Date For Series Opener

CINCINNATI, Sept. 15—(AP)—Major league baseball yesterday completed the preliminary arrangements and set the dates for the 1950 World Series—if there are no ties in either pennant race.

That "If" looms as a big word in view of the neck-and-neck race among Detroit, New York and Boston for the American League flag.

If the season ends according to schedule Sunday, Oct. 1, series will open Wednesday, Oct. 4, in the home park of the National League winner.

If two teams tie in the American League, a one-game playoff will be necessary and baseball commissioner A. B. Chandler said that would mean a one-day delay in the start of the series.

If three teams tie in the American or if there is a tie in the National League, the start of the series will be delayed even more.

Those latter "Ifs" weren't even considered at today's meeting.

The National league has a best-of-three game system for deciding playoffs and Chandler pointed out a deadlock necessary would mean a series delay of at least two days.

Just how the American league would go about settling a three-team tie would have to be decided by that league itself.

CHICAGO—Sixteen college football teams were unbeaten and untied in the 1946 season.

Carter Beaten

SPOKANE, Wash., Sept. 15 (CP)—Edmonton heavyweight Billy Carter lost a six-round decision last night to Spokane's Glenn Northcutt. Carter weighed 192 pounds, 18 pounds heavier than his opponent.

WINGS WIN TO SQUARE INT. SERIES

ROCHESTER, NY, Sept. 15 — (AP) — Surprise starter Jackie Collum pitched Rochester Reds Wings to a 10-4 victory over Jersey City Giants last night to square their semi-final International league playoff series at a game each.

A chilled crowd of 4,722 turned out despite pre-game showers.

Series now shifts to Jersey City for the next three games. If needed, sixth and seventh games will be played in Rochester next Monday and Tuesday nights.

STAN LEONARD TAKES B.C. OPEN LEAD

VANCOUVER, Sept. 15.—(CP)—Stan Leonard of Vancouver, the professonal of many titles, shot a sub-par 67 yesterday to lead in the first round of the British Columbia open golf tournament.

Leonard's card, which sported eight birdies, was two strokes better than that turned in by second-place Ray Honsberger, the Northwest open titlist from Klamath Falls, Ore. Honsberger was home with a 34-35——69.

Tacoma pro, Chuck Congdon, got a one-under-par 70—good enough for third place.

Believe-It-Or-Not Debut

Let's spin the sports sphere: Terrific major league debut for Ted Tappe in Brooklyn yesterday, swatting that pinch hit homer for Cincinnati his first time at bat, as he did. No one will get a bigger belt out of the Tappe heroics than John Ducey, the man who brought him in here last season to first-base it for the Eskimos.

Following his graduation from Washington State in June of this year, the 19-year-old stringbean signed with the Cincinnati Reds and was farmed to Charleston in the Central circuit. In Class A Tappe belted 10 homers, the 10th, which came just a day or so before his recall to Cincinnati, being a grand slam job.

★ ★ ★ ★

As an Eskimo Tappe hit 15 round-trippers, reaching his peak with five in one three-game stretch in Buffalo Stadium, Calgary.

★ ★ ★ ★

On the other side of the ledger was the fact that he hit a puny .100 in the Big Four final playoff against the Cubs.

Granted one home run, even under such dramatic circumstances doesn't make a major leaguer out of the onetime Eskimo. But who would bet that Ted Tappe doesn't crack the big-top, to stay?

Winnipeg Blue Bombers' Tom Casey has a bachelor of science degree from Hampton Institute, in Virginia . . . One of the biggest boosters of this part of the country and "your people" is J. J. Russell, Wichita, Kansas. Mr. Russell, father-in-law of Rollin Prather, huge Eskimo end, has been visiting up this way for the past while.

★ ★ ★ ★

"Ive never met people so friendly, he assures. "And you've got a wonderful country."

★ ★ ★ ★

One club Annis Stukus refuses to take too seriously is Calgary Stampeders. "We'll beat 'em six times," the Eskimo mentor bragged the other night. That would add up to a clean sweep over the Grey cup kings of 1948.

The rumor going the rounds to the effect that goalie Ray Frederick will not be with the Flyers this season is for the birds—strictly.

"Ray'll be with us alright," manager Frank Currie was emphatic when queried last night. What's more I'm looking for him to have a great season." . . . So?

Fighter George Dunn leaves for Los Angeles today, where a match against either Enrique Bolanos or Terry Young is being made for him.

★ ★ ★ ★

Vancouver golfer Stan Leonard (eight times Alberta Open winner) made money at the rate of $1000 per week during that three-week recent cross-country jaunt to Montreal and back.

★ ★ ★ ★

Brooklyn Dodgers supposedly are ready to sign Yogi Jenney, Calgary Buffs' outfielder, to a contract. It will carry a hefty bonus clause. The boy from Long Island, N.Y., has power, with a 'P'.

Coaltown, the Calumet streak, is back in training for a comeback at the races . . . Tab Luscious Luke Easter as a man of his word. To begin the season the Cleveland ball-buster promised to hit "at least 25 homers". He slammed No. 25 Wednesday, against the Yankees. Indians have 14 games remaining.

★ ★ ★ ★

Local boy Dale McKee and Gerry Prince, Westlock, report to Cleveland Barons' hockey camp at Brandon this week-end . . . Reg Clarkson, with Cubs here last season, ran his homer total to 14 with Vancouver Capilanos the other night.

★ ★ ★ ★

Manager Lou Hiatt's CNR juniors have stuffed 44 baseball wins into the satchel in 49 starts this term.

TIP TOPS UNBEATEN IN SOFTBALL TOURNEY

AUSTIN, Tex., Sept. 15.—(BUP)—A Canadian team—Toronto Tip Tops—sport an undefeated 2-0 record today in the world softball tournament, being played here.

Tip Tops, last year's world champions, clipped Nixon-Clay College of Austin 12-6 yesterday for their first win.

Then, with Percy McConners pitching the first no-hit, no-run game in the history of the tournament, they downed Phillips 66 of Oklahoma, 1-0.

No Phillips players reached first base against the superb hurling of McConners.

Bob Stocks Paces Grid Point Derby

Bob Stocks, hustling Edmonton Maple Leaf halfback, jumped into first place in the Alberta Junior Football league scoring race by scoring three touchdowns as Maple Leafs rolled to a 31-0 victory over South Side Wednesday night.

Stocks, with 21 points, enjoys a four point bulge over last week's leader, Larry Cooper of Calgary Bronks. Cooper picked up a major and convert against Calgary Mustangs Wednesday but Stocks' splurge dropped the Calgary fullback into second place.

Leaf fullback Gord Pearson also had a good night Wednesday, picking up nine points to jump into third spot.

South Side tackle Ray Cruthers will be lost to the celler-dwelling club for an indefinate period Cruthers received a slight concussion during the Wednesday tilt. He is still in the hospital but is expected to be released shortly.

Better They Had Stood in Bed

SWANSEA, Wales, Sept 15—(AP)—Eddie Thomas, 146, retained his British welterweight title last night by decisioning fellow Welshman Cliff Curvis, 143¾, in a dull 15-rounder.

Crowd of 18,000 yawned and booed. Referee threatened to throw the boys out of the ring if they didn't speed up the action.

Thomas put Curvis down for a nine count in the sixth round with a right to the body. Curvis, a left-hander, claimed a foul but the referee ignored him.

Rain slowed the proceedings.

"NO DEFEATIST"

Kramer Fails Scare Segura

By Hugh Fullerton, Jr.

NEW YORK, Sept. 15.—(AP)—Probably the most confident underdog you ever saw is Pancho Segura, a bandy-legged little guy from Ecuador whose big grin and court antics have made him a favorite with North American tennis fans.

Because he beat Jack Kramer in the United States professional championships last spring and because the 1950 amateur season failed to produce a candidate, Pancho got the call to face Kramer 100 times on the 1950-51 winter tour.

Promoter Bobby Riggs promised him $7,500 bonus if he could win a majority of the matches. Segura's grin was evident as he remarked in slightly-broken English: "You know me; I'm not a defeatist. Besides that bonus clause helps you come through."

More seriously, he explained: "I've played my greatest tennis against Kramer, my game seems to bother him a lot. Return of service is where you beat him and that's what I do best.

"I think I handled his second serve better than anyone else. I think I surprise all the experts."

When Detroit Lions invaded Texas for an exhibition, rookie Gus Cifelli, from Philadelphia via Notre Dame, was fascinated by displays of stickers reading: "Made in Texas by Texans."

Not to be outdone, Gus prepared his own badge and wore it on his lapel: "Made in Philadelphia, by Italians."

Chicago White Sox have persuaded Chico Carrasquel (by means of a raise and a bonus) to pass up all but four games in the Venezuelan winter league this year.

Al Collins, who pulled off a 10,000-1 shot by making a hole-in-one in the New York World-Telegram hole-in-one tournament Monday, returned to work next day to give a lesson to Mrs. Forris Clark. Shortly thereafter Mrs. Clark made a hole-in-one.

Clear Junior Ball Trouble

By Dick Beddoes

Winner of the Rosedale-Edmonton CNR junior baseball playoff will be declared provincial champions, according to word received by the Bulletin from officials of the Alberta Amateur Baseball Association last night.

CNR leads the best-of-five rounds 2-0, with the remainder of it to be played in Rosedale Sunday.

Earlier, the winner had been ordered to play Medicine Hat SAR for the provincial title.

However, AABA registrar Earl Samis said last night that Medicine Hat players are still not registered with him. Cut-off date for the registration of players' birth certificates was July 15.

AABA vice-president Jack Rosser of Lethbridge was running interference for the Medicine Hat club in an effort to get into the provincial final. The 'Hat outfit defeated Lethbridge Spaldings and Hillcrest Miners in southern Alberta playdowns.

AABA president Hec McLean of Calgary has not been heard from on the issue. But the other members of the executive — Samis, secretary Stan Burke and second vice-president Sanford Clare, all of Edmonton—claim they will vote down any move to install Medicine Hat in good standing at this late date.

That would automatically make the winner of the Rosedale-CNR jousting provincial [illegible].

The CNR club leaves for Drumheller tomorrow in their own private car on the railroad they represent.

CNR business manager Scotty McDougall and manager Lou Hiatt claim their team will meet the 'Hat regardless—if the series can be played in Drumheller early next week.

Off With a Bang

A duckhunter's wife sent me this poem. She said it was more than her life to give her name because she's been a duckhunter's wife for many years:

* * * *

The poor duckhunter in his blind
Is cold in front and wet behind,
It's been 10 hours since he fed
And 20 since he's been to bed.

It's cost him nigh 100 bucks
To hide here from the silly ducks,
Which probably e'er day dawns dim
Will rise and hide themselves from him.

* * * *

Well folks the big mystery is solved. Those stately pillars at the Imperial Bank weren't hollow. They are solid stone and each section is heavy as all get out.

Alas, those stately columns have come to a dead end. They've been sold by building wreckers to a tombstone firm.

* * * *

Julian Buxton, British leather king, is very proud of a sample he is displaying in Edmonton for British Leather Goods Week.

They are the shoes worn by English ballerina, Moira Shearer in the British movie Red Shoes. And whattayouknow: The shoes are red as red can be.

* * * *

I've been bawling out motorists for not stopping for pedestrians in crosswalk safety zones. Now here's an orchid for a driver for a pleasant change.

It goes to Ralph Morgan the typewriter man, reputed to be a baseball player.

Ralph stopped at those white lines all the way from 113 to 103 street yesterday morning. I know; because I was a passenger in the Morgan car.

* * * *

I'm going to give an orchid today to Bulletin staff photographer Danny Scott. On second thought I'll make it a purple heart; for having the nerve to climb up nine stories for that picture of the Macdonald steelwork appearing in yesterday's paper.

Maybe there's something in that old crack after all about: "You don't have to be crazy to be a news photographer but it helps.

* * * *

Social scoop: Lewis Stretton, that ever-helpful attendant at the Mac hotel, is going to be married next Thursday to Mrs. Evelyn Jones of this city.

The couple grew up together in Leicester, England. Lewis has been at the Mac for nearly 10 years. Loads and loads of happiness to you and your bride, Lewis. Don't forget the ring and licence.

* * * *

Life's biggest thrill in the last couple of days: Making one cent everytime you shove a nickel into those coke vending machines.

* * * *

Even the stork gives better service these days. He sent me a family allowance application form yesterday with this businesslike little note enclosed:

"Here's hoping it's a girl. Sorry the application form is blue."

Thanks a million Mr. Stork. You sure must be a busy guy because you have a Crowe running errands for you. (The message is signed J. Crowe.)

* * * *

A cheery goodnight to all and especially to duckhunters.

Lecture Starting Time Advanced at University

Here's good news for students attending the University of Alberta this fall.

Early morning eight o'clock lectures are now a thing of the past. Beginning with first classes on Friday, Sept. 29, morning lectures will begin at 8:30 a.m.

DURING WAR

Eight o'clock lectures were instituted during World War Two to provide additional time for military training. They were kept on following the war to handle large post-war enrollment. Night classes were also brought in during the post-war peak.

Sign of reduction from top post-war attendance is shown by the fact that it will only take four days to register students in all faculties during registration week from Sept. 25 to Sept. 28, compared to five days to enroll students last year.

Also, three-hour night laboratory classes have mostly been abolished and as the timetable now stands only astronomy lectures and a large, general biology class will

RECOMMENDATION

Changes were made in a recommendation made from University General Faculty Council to the timetable committee, headed by Dr. J. H. Whyte.

Extra half-hour will merely mean moving present timetable ahead accordingly, and no large-scale disruption is expected from the change, according to university officials.

Later starting time has been brought in primarily to aid students who have long distances to travel to classes in the morning, officials said.

According to estimates made by university officials, enrollment for this term is likely to be somewhat less than 4,000 students. Attendance figures have been falling at rate of nearly 400 per year as large classes of veterans have graduated.

Youth Wins Agricultural Scholarships

A $250 scholarship to study principles of co-operation in agriculture has been awarded David W. Blackmore, 10824-70 avenue, a fourth year agriculture student at the University of Alberta.

Formerly of Cardston, Alberta, Blackmore has won the Renkenberger Scholarship awarded on the basis of high academic standing and interest in the co-operative movement.

An army veteran, Blackmore is son of Mr. and Mrs. J. H. Blackmore of Cardston. His father is Social Credit member of parliament.

Entering university in September, 1947, Mr Blackmore obtained a first class standing (over 80 per cent) in May, 1949, and won Dan Baker Scholarships in agriculture 1949 and 1950.

Weird Thresher Moves Under It's Own Power

SELF - PROPELLED threshing machine rumbles through field of V. Berzins near North Edmonton. Weird looking contraption was invented by its owner, Julius Dawson, of Dawson's Garage. Made from old discarded thresher and two engines, one for threshing and one for driving, rig is said to be only one of its kind in Canada.

Fish, Game Body Renamed, Issues Bush Fire Warning

Northern Alberta Fish and Game Protection League is now known as Edmonton Fish and Game Association.

Last night at the Masonic Temple 400 members of the new association passed a motion, brought forward by the executive committee, to rename the organization.

The League was localized because the greater majority of members are from Edmonton and also because many northern Alberta districts now have their own locals.

Vice-president J. Hamilton acted at chairman of the fall meeting, replacing the late V. S. Charlie Craddock, president of the league.

TRIBUTE

A minute's silence was observed for the late president.

Guest speakers at the outdoormen's meeting were George Spargo, Calgary, provincial secretary of the Alberta Fish and Game Association; G. E. Watt, Calgary, past-president of the Association and E. S. Huestis, government fish and game commissioner.

Huestis explained several changes in this year's regulations.

New regulations include: Moose closed this season, Caribou open in certain places with a special license; deer and elk season extended two weeks and one of each type of bear may be shot. (Brown, Black and Grizzly).

One of the important new game laws is that no hunter may use two guns while shooting. He can take two rifles into the fields with him, but may only load one for the actual shoot.

The fish and game commissioner warned hunters about necessary precautions to prevent forest fires.

It has also announced that the membership in Edmonton had reached an all time high of 1,200. Alberta's total is 11,000.

FAMOUS BOYS' BAND SEEKING SPONSOR

The world-famous Kitsilano Boys' Band from Vancouver will appear in Edmonton Oct. 13—if they can find a sponsor for the concert.

In a letter to the Edmonton Recreation Commission, the organization asked that arrangements be made with one of the city's service clubs for a $200 guarantee against their appearance here.

Commissioners are contacting local clubs today with a view to promoting the concert.

The 39-piece band is on its way home from Europe after winning a world's championship at competitions in Holland.

Supervisory Power Sought By Rec Group

The Edmonton Recreation Commission will seek supervisory powers over the after-school hours use of the new swimming pool at Victoria Composite High school.

At its regular meeting last night, the commission decided to ask that one of its members sit on a forthcoming school board-city council conference on use of the pool.

Commissioners will ask for appointment as the civic department which is to be named to share supervision of the pool with the school board.

They want the pool used for instruction and Red Cross water safety courses as well as recreation.

Girl 5, Hurt In Accident

A five-year-old Edmonton girl is in General hospital today with a broken leg, sustained in a street accident last night.

Kathleen Ponich, 11222-81 street, was hurt when she collided with a truck at 81 street and 112 avenue at 8 p.m. yesterday, police said.

Driver of the truck was Gordon Bone, 8032 112 avenue, they reported.

Alta. Deputy Ministers Get Boosts In Wages

Salaries of deputy ministers in the Alberta government have been substantially boosted by an order-in-council approved recently by the cabinet.

Deputies in the municipal affairs, economic affairs and provincial secretary's departments now draw a maximum salary of $6,000, for top classification on length of service with the government.

The deputy attorney general is eligible for a maximum salary of $7,500, and deputies in all other departments received an increase in maximum salary rate to $6,500 at Aug. 1, and to $7,000 at April 1, 1951.

Salaries of deputy ministers, prior to the increase, varied from $5,900 to $7,000 depending upon classification and length of service.

SOUTH MOLTON, Devon, Eng. —(CP)—T. F. Mock made a mockery of an embroidery competition here. He beat eight women to take first prize.

Minerva was the Roman goddess of wisdom and good counsel.

Bank Expansion To Be Discussed

A. C. Ashforth, general manager of the Dominion Bank from Toronto, and S. C. Cook, assistant general manager, Winnipeg, will arrive in Edmonton, Sept. 27.

They are making a tour of branches in western Canada and while in Edmonton branch expansion in this area will be discussed.

LITTLE BLACK BOOK

City Reference Library Helps Build a House

By MICHAEL MARTIN

Our quiz programs have nothing on a little black book lying on a desk in the city reference library.

The book is a record of every inquiry made at the reference library. Questions by phone, mail and personal callers are sorted at the end of each day and take their place in it.

Pages of the closely-lined book are filled with seemingly senseless jottings. But these jottings have put puzzled minds to rest, assured students of high marks and have won—and lost—city dwellers many a dollar.

One entry will read: "Is Y a vowel?" and another line will blankly say: "Funeral directing" But whatever the entry, it means a satisfied taxpayer.

"We even built a house once," said Miss A. A. Anderson, reference librarian. "Week after week a person phoned to ask about foundations, basements, room construction—everything to the roof. We supplied all the answers but neither I, nor my staff ever saw the finished product.

"We are asked how to nurse a baby, how to train it, questions on schooling, marriage procedure, sickness preventions and finally, funeral arrangements."

The reference library is open 12 hours a day and Miss Anderson is assisted by Mrs. Edna Walls and Miss Margaret McCallum.

So far this month over 300 entries have been made in the little black book.

Good Season Anticipated For Hunters

Reduction In Flocks Won't Affect Bags

Crack of dawn tomorrow will send hundreds of Edmonton hunters to the duck blinds for the opening of the migratory bird season.

The 52-day season opens for ducks, geese, rails and coots half an hour before sunrise [illegible]. Wilson snipe may also be taken by the hunters, but only for a one-[illegible] season.

Hunters may expect just about as good a season as last year, with little change in either bag limits or regulations.

EFFECT OF DROUGHT

A count by United States and Dominion Wildlife Services in co-operation with the provincial government shows early spring drought has reduced the number of migratory birds in Alberta by about seven per cent in comparison to last year, but the decrease is so slight it will have little effect on hunters' bags.

Eight ducks may be taken daily, with a limit of 16 in possession and 40 for the season. Bag limit for geese is five per day, 10 in possession and 15 per season. Ten each rails or coots may be shot per day with 20 in possession and 50 for the season.

Wilson snipe hunters may shoot eight of the birds per day, [illegible] during the season, and must have not more than 16 in their possession.

As usual goose hunting is prohibited within 100 yards of main rivers, including the Red Deer and North Saskatchewan. Neither ducks nor geese may be hunted on or within half a mile of the waters of Beaverhill, Sullivan and Buffalo lakes.

PUMP GUNS

Pump and automatic guns may be used in the hunt for the migratory birds, provided they are permanently plugged to three shells.

A new regulation this year prohibits the use of more than one gun by any hunter.

Open season in the Edmonton area and in the district south of the Athabasca river and township 72 to highways Nos. 11 and 12 through Rocky Mountain House, Red Deer and Castor will continue until Nov. 9.

Opening of the season is one week later in the southern part of the province.

Game Life Study Urged On Sportsmen

MEMPHIS, Tenn., Sept. 15.—(CP)—Dr. W. J. K. Harkness, director of Canada's wildlife service, last night emphasized the role of organized [illegible] in the formulation of fish and wildlife conservation regulations.

He addressed the 40th annual convention of the International Association of Game, Fish and Conservation Commissioners, meeting here under the chairmanship of President Harrison F. Lewis of Ottawa.

"Throughout most of the English-speaking world," Dr. Harkness said, "[illegible] administration of wildlife resources is based upon the principle that all wildlife belongs to the state, whether it can be found on public or private lands.

"[illegible] themselves to bring themselves up to date on the most recent information on wildlife management."

The sportsmen were told by American officials that hunting and fishing prospects are "reasonably good" for the next 25 years.

City Student Named To National Body

QUEBEC, Sept. 15 — (CP) — Arthur Mauro of the University of Manitoba, last night was elected president of the national federation of Canadian university students at the body's 14th annual convention.

The four vice-presidents elected were: Len Harbour, McGill university, Montreal; J. C. Fricker, western Ontario, London, Ont.; Michael B. O'Byrne, Alberta and Sherman Zwicker, Dalhousie.

Two Years For False Pretences

Stanley Laschuk, no fixed address, was sentenced to six months in jail when he pleaded guilty to two charges of false pretences in police court yesterday.

Officers testified the accused cashed cheques in two city department stores in the amounts of $45 and $24 on August 30 against a non-existent account in the Treasury Branch, Vermilion.

Legion Meeting

The general meeting of the Edmonton Montgomery Branch of the Canadian Legion, B.E.S.L., will be held in the Memorial Hall on Sept. 24, at 2:30 p.m. Members are asked to note change in date from third to fourth Sunday in the month.

TODAY'S RUSHED Americans find relaxation suggested by the Mexican theme.

WHY GROW OLD

Mexico Provides The Mood For Colorful Easy Living

By Josephine Lowman

We can learn a lot about colorful living and charm from the Mexicans. The Mexican mood is full of color and romance and whimsy. These people do not rush through life but take time to savor it.

It is true that there is a great deal of poverty and misery in Mexico but the people bring imagination to the scene and dramatize everyday living.

Even Mexican beggars beg with talent and put on a good show for their benefactors.

RELAXED MOOD

In Mexicans there is a stoic attitude which carries with it a relaxed mood. These folks take the blows of fate somewhat resignedly and they have learned to drain each day of any joy or laughter or song it may hold.

The Mexicans are a highly artistic and creative people. This is reflected in their beautiful handicrafts. Most of them create something with their hands.

Some psychologists feel that this is a need for all individuals. The walled-in patios of even the most modest homes are lush with vines and flowers and plants and pottery of all kinds.

East Meets West In City Wedding

Bright with gladioli and a profusion of summer flowers, the Chapel of the Metropolitan Church formed an attractive setting for the marriage of Miss Dorothy Lida Day, daughter of Mr. and Mrs. W. J. Day of Ottawa, to Cpl. Leonard Duffield RCMP, son of Mrs. J. Duffield of Victoria, B.C.

Rev. Fred Vipond assisted by Rev. T. Gordon, the bride's uncle, performed the afternoon ceremony, in which the bride was given in marriage by her cousin Donald Stuart.

An afternoon dress of grey faille was chosen by the bride and complemented with a striking hat of blue feathers and matching blue gloves. A corsage of blue [illegible] and sweetheart roses was fastened at her shoulder.

Professor R. S. Eaton played the wedding music.

A reception at the home of the bride's aunt, Mrs. W. G. Stuart, followed the ceremony, and about thirty guests were received.

White lace cloth covered the bride's table which was centred with a three-tiered wedding cake surrounded by sweet peas.

Rev. Gordon proposed the bridal toast and Dr. J. G. Stuart read telegrams from relatives and friends in the east.

For their honeymoon trip to the mountains the bride changed to a hunter's green gabardine suit with matching hat, cinnamon accessories. Her corsage was of yellow roses.

On their return from Banff, Cpl and Mrs. Duffield will make their home in Athabasca.

YOUR BABY AND MINE

Understanding, Leniency Should Stop Bed-Wetting

By Myrtle Meyer Eldred

The mother expects that once the child has learned daytime bladder control this will extend to nighttime behavior and dry beds will result. This is not always the case.

Up to three years, and beyond, the child may be dry in daytime and still wet at night.

Any child, any age, may not be able to go through the night without some attention. It would be well, then, to get the child up at least once, either at the parents' bedtime or later.

Children who wet the bed take their cues from adults and make little effort to change their behavior if the parents furnish them an alibi.

SLOW DEVELOPMENT

Bed-wetting may not be resulting from any cause except the child's slow development. The genito-urinary tract does not develop in all children at the same rate of speed, that is why some children are quicker than others to establish control.

Continual incontinence, for which there does not seem to be any obvious cause, may be related to emotional problems, or be a protest against situations the child cannot control.

Because it isn't always possible to put a finger on the cause of a child's bed-wetting habits it is better to err on the side of leniency. Try more praise and encouragement instead of criticism and punishment.

USE VISIBLE REWARDS

Use visible rewards, such as gold stars for dry nights, to inspire the child to greater efforts.

Our leaflet No. 58 "Bed-Wetting," offers some other suggestions for this condition. It may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

JACOBY on Canasta

Once in a while the penalty for making an insufficient meld may be severe. For example, suppose you put a joker, two kings, a deuce and two eights on the table when you need 120. This only counts 110 as your opponents promptly point out.

It is a remarkable thing that although all Canasta players have trouble with their own count, no Canasta player ever has trouble with his opponents' count.

Now you have to discard one of those cards. You are privileged to discard the deuce or the joker, thereby freezing the discard pile, but in all probability you will discard a king or an eight.

Now if the play proceeds, and neither you nor your partner can meld 120, you may eventually have to throw away your deuce and your joker. In most cases, however, one of you will get the count before this unpleasant thing happens, and you will be able to save your wild cards.

Incidentally, any time your partner does make an insufficient meld, you should make every effort to go down immediately, even though you must use nine or ten cards. Give your partner a chance to be out of his troubles.

If you have penalty cards on the table and your partner makes the initial meld himself, he is not allowed to touch your penalty cards, but at the next turn to play, you may meld your penalty cards in any legal manner you wish.

For example, you have on the table as penalty cards a joker, a deuce, two eights and a king. Your partner melds four aces and a joker. At your next turn to play you have the right to add your joker and deuce to his meld of aces, thereby making a canasta for him and leaving your king and two eights as penalty cards.

Or, you may add your joker to his ace meld, meld the deuce and two eights, discard the king and be all out of penalty cards. Or you might make your best play which will be to add the joker to his meld of aces, discard the king, and leave the deuce and two eights as penalty cards for one more round.

Then at your next play you can decide whether you should meld the deuce and eights together, add the deuce to the aces, meld the deuce with some other pair in your hand, or simply discard an eight and wait one more round with the deuce.

You see you are never compelled to meld a penalty card, but if you don't meld it, you must discard it eventually.

Couple Wed At Innisfree

INNISFREE, Sept. 12—An attractive wedding recently took place in the Seventh Day Adventist Church here, when Miss Thora Freda Thorodds, daughter of Mr. and Mrs. T. S. Thorodds, of Vancouver, became the bride of Victor Joseph Soloniuk, son of Mr. and Mrs. George Soloniuk.

Given in marriage by her brother-in-law Rev. Gordon Harris, the bride wore a gown of white satin, fashioned with full sleeves and a train length skirt. Her veil was held by a halo. Red roses and white carnations formed her bouquet.

Her attendants, Mrs. Gordon Harris and Miss Anne Samograd, wore pink and blue sheer gowns, with matching chapel veils and accessories.

Joyce Malinko, the flower girl wore blue nylon sheer.

Wedding music was played by Miss Valerie Pylpiuk, and soloist was Mrs. William Soloniuk.

William Soloniuk was best man. Peter Duder ushered guests.

Following the reception at Primrose school, Mr. and Mrs. Soloniuk left for Los Angeles, Calif., where the bridegroom will continue his studies as a student of Loma Linda College of Medical Evangelists.

DOROTHY DIX SAYS

Middle Aged Wife Would Leave Mate, Seek Romance

Dear Miss Dix: My marriage of twenty-five years has come to an end.

My wife and I are close to the 45-year mark, but she says that she is a young woman and that there are plenty of thrills in life left for her.

She says that she never got to go with anybody else but me as a girl and couldn't do the things she wanted to do, so now she is tired of marriage, our home must be broken up, and she has sued for divorce.

And when I try to talk and reason with her she goes into tears and threatens suicide. She says that there is no other man and that she does not want to marry again.

I am all broken up over the affair and sick from worry. How can I make her see that I am the best friend she will ever have? Will she be happy in the course she is pursuing

AN UNHAPPY HUSBAND.

ANSWER: Your wife is a pathological case and should be under the care of some good doctor. She needs to be saved from herself and prevented from committing the criminal folly of breaking up her home and divorcing a good husband.

It is bad enough for the man who thinks that he can regain his lost youth by divorcing his old wife and marrying some girl young enough to be his daughter, but it is far worse for the middle-aged woman who deludes herself into believing that she can go back and gather up all her girlish dreams again and have the romantic experience of 16 at 46.

South American Is Brought to Edmonton

Colorful scenes of Guatemala were brought to Edmonton by Miss Betty Maxwell McCowan, who for the past eighteen months has been recording by camera, her travels in South America.

Sponsored by the Fort Edmonton chapter IODE, Miss McCowan was introduced to her audience by Mrs. E. Brown in the Empire Room, HBC.

Examples of native fashions, brightly colored, hand woven clothes were modelled by IODE members Mrs. N. H. McAfee, Mrs. H. Hole, Mrs. George Thomas-Peter, Mrs. B. Dunsworth, Miss V. Kinnaird, Miss G. Clement and Miss D. MacDonald.

Mrs. A. W. Wright was convener.

Miss McCowan left by plane this morning for Los Angeles, where she will spend the winter months, lecturing to women's clubs, in California.

Gifts were presented to the bride-elect in a decorated basket. There were 60 guests.

Hostesses were Mrs. L. Misener, Mrs. J. Smith, Mrs. M. McNeill, Mrs. R. Carreau, Mrs. H. Frost, Mrs. R. Cullen. Guests were served by Mrs. J. Finley, Mrs. C. Dombrosky, Miss Jean Burnet, Miss Lola Cameron and Miss Rita Smith.

Couple Wed At Ashmont

ASHMONT, Sept. 14.—Ashmont United Church was the setting for an attractive wedding recently, when Miss Chrissie Newby, daughter of Mr. and Mrs. W. Newby became the bride of Kenneth Slater, son of Mr. and Mrs. N. Slater.

Bride was given in marriage by her father, in a ceremony conducted by Rev. R. Bearisto.

Her dress was fashioned from nylon and lace and her floor length veil was held in place by a pearl trimmed coronet. She carried a bouquet of mixed flowers.

Miss Alda LeComte, the bridesmaid, wore a yellow taffeta gown with matching veil and carried a bouquet of sweet peas.

Robert Newby attended his brother.

Wedding music was played by Mrs. H. Whitman.

An informal reception followed at the home of the bridegroom's parents and a wedding breakfast was served later at the bride's parents' home.

A wedding dance was held in Ashmont hall.

Mr. and Mrs. Slater will make their home on the Slater farm, southeast of Ashmont.

Chantilly Lace, Satin Worn By Miss West

VERMILION, Sept. 15.—Gown of chantilly lace and satin was chosen by Miss Marjorie Anne Craig West for her recent marriage in the United Church here to Kenneth Thomas Holte.

Bride is the daughter of Mr. and Mrs. A. M. West, and her husband the son of Mr. and Mrs. A. M. Holte, all of Vermilion.

Mr. West gave his daughter in marriage, in a ceremony performed by Rev. Wm. Blackmore.

Pearl trimmed neckline and lily-point sleeves were features of the bride's gown, and her satin appliqued veil was held by a beaded coronet. She carried deep red roses.

SISTER ATTENDS

Gowned in yellow taffeta, Mrs. T. Langridge was her sister's matron of honor. She wore matching mittens and a braided coronet, and carried carnations and gladioli.

Miss Barbara Kinnaird wore pale blue nylon taffeta with matching headdress and mittens, and carried a bouquet similar to the matron of honor's.

Little Cathy Langridge, the flower girl, wore pink nylon with a matching dutch cap, and carried a basket of sweet peas.

Bridegroom was attended by his brother Baillie, and Jack Morrison. Ushers were C. Upshall, J. Wilson, E. Stewart and P. Langridge.

WEDDING MUSIC

W. B. Elford played wedding music. Mrs. M. Hill was soloist.

Mrs. West chose a Royal blue velvet ensemble with a corsage of deep roses, as she received 250 guests at her home.

Mrs. Holte, bridegroom's mother wore a grey dress with dark green accessories and a corsage of roses and carnations.

Red roses decorated the ecru cloth on the bride's table and surrounded the tulle embedded wedding cake.

For her honeymoon, the bride chose a three-piece chocolate ensemble with yellow and taupe accessories and a corsage of yellow roses.

Newly weds will make their home in Winnipeg.

Consumers Would Raise Roof On Prices As They Condemn Official Effrontery

"Brazen effrontery of bakers and bread companies who blithely raise prices" was deplored by Mrs. Frank Conroy, retiring provincial president of Canadian Association of Consumers, when speaking to a representative group of housewives at their annual meeting last night.

"It is an insult to our intelligence," continued Mrs. Conroy, "to be told that shortages are causing the increases. There is no shortage of any ingredient necessary to the baking of bread."

Meat and coffee prices were also wrathfully criticized by the indignant gathering who demanded that a resolution of strong protest be sent to the Government.

MEAT CHEATING

Findings of a "meat standards committee" were made known, and it was claimed that third grade or commercial meat is being sold to Canadian housewives at top quality prices, while better cuts are commanding inflationary prices from U.S. buyers.

Resolution demanding the election of a woman as third member of the public utilities board was also suggested.

ROSS SPEAKS

Noted radio commentator, Stan Ross, addressed the gathering on "Implications of Price Control."

"Asking for price control," said Mr. Ross, "could lead to many complications, and might ultimately kill basic production, pull down barriers, to worry less it is up to the Government to about U.S. imports and produce more Canadian goods. With greater production, demand on certain commodities would lessen and so bring prices down."

Summing up the meeting Mrs. Conroy said "The power of the housekeeper is tremendous and only by collectively refusing to buy anything we feel is too high in price, can we force these living costs down. It is up to every woman who agrees with our principles to respond actively, we have done our part, now it is up to you."

OFFICERS ELECTED

Following the meeting, provincial officers were elected for the coming year. Replacing Mrs. Conroy as president is Mrs. W. E. Stewart, vice-presidents, Mrs. A. B. McGorman and Mrs. W. O. Phillion, recording secretary, Miss Alta Jackson, correspondence, Miss A. Smith, treasurer, Mrs. F. M. Andrews, speaker, Mrs. C. Wood, MLA, radio and standards, Mrs. B. Marliss, prices, Miss Mabel Patrick.

Members at large, Mrs. M. L. Stetson, Miss C. Burger, Mrs. Paul Hagan, Mrs. A. Smith and Mrs. Cora Casselman.

Double Ring Ceremony United Pair

Double ring ceremony at Salvation Army Citadel, united in marriage Miss Vivien Margaret Moon, daughter of Mr. and Mrs. John Moon of Edmonton, and Douglas Percy Gaudin, son of Mrs. K. Gaudin and late Mr. Gaudin of Montreal.

In an afternoon ceremony, conducted by Senior Captain Edgar Halsey, the bride was given in marriage by her father.

Her gown, fashioned from organdy, featured lilypoint sleeves and a scalloped collar, A matching cap held her finger tip veil.

Matron of honor, Mrs. Edith Moon, and Miss Edith McReady, bridesmaid, chose similar taffeta dresses in wine and rosewood respectively. They wore matching hats and carried bouquets of carnations.

Little Sandra Lee Moon, the flower girl was in pink marquisette over taffeta.

Morley Speers attended the bridegroom. Ushers were Robert Moon, bride's brother, and Fred Haight.

Wedding music was played by Mrs. E. Halsey, and Mrs. Jean Letourneau sang The Lord's Prayer, and Because.

Mrs. Moon chose a mauve two-piece for her daughter's wedding with pearl grey hat and accessories and pink roses.

Mrs. Gaudin wore a grey ensemble with pink roses.

Gladioli and sweet peas decorated the Corona hotel for the reception. Four-tiered wedding cake topped with rosebuds, centred the bride's table.

For their honeymoon trip to Alaska and the west coast, the bride wore a three-piece navy suit with red accessories and red roses.

On their return Mr. and Mrs. Gaudin will make their home in Edmonton.

Gyrettes Make Hospital Gifts

Gift of a card table and four chairs for the Gyrette ward of Colonel Mewburn Pavilion, and a sewing machine for CNIB brought letters of appreciation which were read at the Gyrette club's recent meeting.

Mrs. Frank Newson presided at the meeting, when reports were read by Mrs. James Duncan, Mrs. R. Maunders, Mrs. L. Naubert, Mrs. P. Tenlington and Mrs. F Noak.

Announcements regarding the October dinner meeting will be made later.

Aluminum Foil Aid To Busy Housewife

Aluminum foil can come to the rescue of damsel distressed by what to do with left-overs and "smelly" foods.

Strong-odor cheese wrapped in foil is kept from transferring its "fragrance" into flavoring of other foods in refrigerator. Safeguard also helps keep cheese moist and tasty.

Leftover meat loaf and mashed potatoes will keep moist in separate foil pouches stored in refrigerator. To save pot washing, reheat both in same saucepan.

Altar Banked With Flowers For Wedding

VERMILION, Sept. 15.—Baskets of summer flowers banked the altar of the First United Church here recently, when Miss Eleanor Margaret Annie Krause, eldest daughter of Mr. and Mrs. William Krause was united in marriage with Norman Russell McKeever, son of Mrs. David Anderson and late W. H. McKeever of Edmonton.

Rev. W. N. Blackmore, BA, officiated at the double ring ceremony.

Given in marriage by her father, the bride wore a gown of white satin fashioned with a full train length skirt. Her long veil was held by a coronet of pearls. White satin ribbons tied the red roses in her bouquet.

Miss June Thompson and Miss Verna Krause, the attendants, wore similar gowns in green and mauve nylon sheer, respectively. They carried bouquets of pink carnations and fern.

George Honey and George Winter were groomsmen. Ushers were Bernie Ackerman and Roger Rowe.

Mrs. A. West played wedding music. Soloist was J. Dabinette.

Receiving at her home, the bride's mother wore a navy and pink ensemble with pink rosebuds.

Mrs. Anderson chose dark grey with a wine hat and corsage of pink roses.

White chrysanthemums and tall white tapers formed an attractive setting for the three-tiered wedding cake on the bride's table.

For their honeymoon trip to the mountains, the bride changed to a grey three-piece with wine accessories. Her grey felt hat was trimmed with wine.

On their return, Mr. and Mrs. Krause will live in Edmonton.

IDENTICAL WEDDING GOWNS of white satin were worn by two daughters of Mr. and Mrs. R. O. Bell, Edmonton when they recently walked down aisle of McDougall United Church. In double ceremony, Thelma Lillian, left, became bride of William Stanley Robins and Lorraine Cora became bride of Al Gear Wolf.

Miss Holmes Bride In Morning Ceremony

BENTLEY, Sept. 13.—Morning ceremony in Our Lady of Perpetual Help Church, here, united in marriage Miss Doris Jean Holmes, only daughter of Mr. and Mrs. W. S. Holmes, and Ralph Henry Garries, son of Mr. and Mrs.

Gowned in blush pink slipper satin, the bride was given in marriage by her father, in a ceremony performed by Rev. Father Rooney.

Fashioned with a sweetheart neckline and lilypoint sleeves, the gown's bouffant skirt was train length. Orange blossoms held the bride's fingertip veil, and she carried a white prayer book garlanded with a mauve orchid, and rosebuds.

Mrs. Jack Speedy, matron of honor, chose a gown of pale blue lace, with matching mittens and a picture hat. She carried a bouquet of orange carnations and gladioli.

Jean Haarstad and Eileen Bresden, the bridesmaids, wore similar gowns in mauve and pink respectively. Fashioned of nylon net they featured sweetheart necklines and full skirts. Matching coronets and mittens completed their ensembles, and they carried bouquets of carnations and gladioli.

Beatrice Dinnan and Lorraine Wills, the flower girls, were in blue and pink and carried nosegays of carnations.

irl Garries was best man, and the bride's twin brothers Lloyd and Leslie were ushers.

Wedding music was played by James Bresden. Jeanette Bresden was soloist.

Receiving at her home, the bride's mother wore a dress of caramel crepe, with brown and white accessories, and yellow carnations.

Mrs. Garries received in purple crepe with grey accessories and hat. Her corsage was of mauve flowers.

Red roses decorated the bride's table which had been laid with a lace cloth. A four-tiered wedding cake formed the centrepiece.

Kaye Jones Mock "Prisoner At Bar"

Neighbors and friends gathered at the home of Mrs. Carl Roger recently, to honor Miss Kaye Jones, bride-elect of Sept. 18. Gifts were presented to the guest of honor by Mrs. Charles Gould, dressed as a judge. A mock trial was held before the bench, which was found to be laden with gifts for the "prisoner."

About thirty-five guests were present. On another occasion Miss Jones was entertained at dinner at the Corona hotel by the Iota chapter of Beta Sigma Phi, who presented her with gifts of silver.

Miss Jones returned from Calary Monday, where she was the guest of Mr. and Mrs. F. Phillips. 'Open House' was held Saturday evening honoring the bride-elect and her fiance Fred Phillips.

Edmontonion Weds Toronto Girl There

Of [illegible] in Edmonton, was the recent wedding in Metropolitan United Church, Toronto, of Irene [illegible], daughter of Mrs. Walter [illegible] of Toronto, to Norman James White, son of Mr. and Mrs. Gilbert White of Edmonton.

Rev. Dr. Peter Bryce, officiated at the ceremony, assisted by Rev. Frank Brisbin.

Satin and lace fashioned the bride's full skirted gown. White forget-me-nots caught her nylon fingertip veil to her lace cap. She carried a colonial bouquet of pink gladioli, carnations and roses, intermingled with white streamers.

Miss Barbara White, sister of the bridegroom, attended the bride, [illegible] of green taffeta with matching mittens. Her net bonnet was trimmed with forget-me-nots. She carried summer flowers in her colonial bouquet.

Robert Sutherland was his cousin's best man. Dr. S. Drummond Wolff played wedding music.

Mrs. Riggs received at the reception in a beige ensemble, with contrasting pink roses in her corsage.

Mrs. White wore powder blue faille, with black hat and accessories. Pink roses were pinned at her shoulder.

A [illegible] tiered wedding cake, centred the pastel gladioli on the bride's table. Mr. Brisbin proposed the bridal toast.

For their honeymoon in Montreal, the bride changed to a navy gabardine suit. She wore pink accessories and a pink feather in her navy hat. She chose gladioli for her corsage.

Mr. and Mrs. G. J. White with their daughter, Barbara, travelled from Edmonton. Rev. James Sutherland of Vancouver was also present.

We Came To A City Which Wasn't Utopia

By BARBARA FOSDICK

Our chief concern, we felt, when we arrived in Edmonton, would not be how to make friends, but how to fight off the hordes of hospitable strangers longing to share their worldly goods with us.

They told us, "back east", It's different out there, they call it "Edmonton the friendly city."

So with hope in our hearts and our heads held high we invaded Edmonton at 6 a.m. one bright June morning.

No crowds thronged the station platform to throw roses at our feet, but after all we said, it is rather early.

Safely installed in our hotel room, we were assured to hear from a happy radio voice, that "this was our friendly station."

Walking down the street, signs on all sides welcomed us to Edmonton, the friendly city! Truly we had found Utopia.

LIKE EAGER POINTERS

Like eager pointers we waited for the telephone to ring, but without so much as a tinkle. Probably no one knows we're here we said. Just wait till we get a place of our own.

"Just a small place," we pleaded, as we walked from door to door "nothing luxurious."

Rabbits have had happier hutches than some of the little love nests we saw, but friendly relations were really strained when told by one householder, "oh you're English, well I've never had a foreigner in my house before." From the look of the house, she had never had human beings either. Then in a mad moment she said, "Well if you promise to redecorate the suite and scrub through my hall every day, you can have it. Eighty-five dollars a month, no visitors."

NO KEYS TO CITY

Came the day when we did get a place, and settled in, prepared for overtures of friendship that surely must come. But no one wanted to give us an oil well, no millionaire indicated that his week-end would not be complete without us, and there wasn't a sign of the keys to the city.

"Maybe it's us" we said, "maybe we aren't friendly. Let us go and talk to someone. Children, now they're friendly little things."

"Hello," said one of these friendly little things before we could open our mouths. This was promising. "Do you have any children?" she asked. "No we don't," we said. "We're sorry." "You're crazy," she said and hurled a large rock at us with remarkable accuracy.

So now we spend our evenings reading "How to Win Friends and Influence People."

Why don't we go back where we came from? Oh I don't know, we like Edmonton. It's rather . . . well . . . sort of a friendly city.

Do You Know?

Q—What causes the Hot Springs of Arkansas?

A—One explanation is that these springs began as meteoric water or rainfall which seeps downward through sandy, porous layers and is heated by a buried mass of slowly cooling rock. A second explanation is that the water has never been near the surface before, but is discharged by buried, cooling rocks.

Olga Hochachka Wed By Father To Cecil Smith

St. Barbara's Russian Greek Orthodox Church was decorated with baskets of gladioli, when Rev. Wasily Hochachka united in marriage his daughter Olga, and Cecil L. Smith, son of Mr. and Mrs. A. H. Smith of Westlock.

Rev. George Marinetz assisted at the double ring ceremony.

Given in marriage by her uncle, Frederick Roberts, the bride wore a biege suit, with a single strand of pearls and on her hair a coronet of lily of the valley. She carried an orchid covered Bible.

Miss Mary Hochachka was her sister's only attendant. With her moss green suit, she wore a headband of sweetheart roses, and carried a colonial bouquet of roses and sweet peas.

Jack Wynychuk attended the bridegroom.

Wedding music was played by Jamie Walland, who accompanied Miss Clara Franchuk the soloist.

MOTHER CHOSE BROWN

Mrs. Hochachka chose a brown ensemble with pale pink roses, for her daughter's wedding.

Mrs. Smith, mother of the bridegroom, wore a wine dress, with black and grey accessories and a corsage of tea roses.

Three tiered wedding cake centred the bride's table at the Corona hotel, where 125 guests attended a reception. Bouquets of gladioli and sweet peas made the tables colorful.

An orchid corsage was fastened to the bride's wedding suit for her honeymoon trip, which will take the newly-weds through the Rockies and to California.

On their return, they will make their home in Edmonton.

Wheat Crop Loss Over $100 Million

But Loss In Wheat Grades From Frost Will Add More

OTTAWA, Sept. 15.—(CP)—Severe bout of prairie frost, along with snow, wind and rainstorms, has knocked the skids from under Canada's expectations of reaping one of the biggest wheat crops in history.

Because of this wheat-killing weather, the bureau of statistics today estimated that the harvest will be cut to 490,000,000 bushels—down by 54,000,000 from last month's estimate of a 544,000,000-bushel crop which, if realized, would have made it the third largest Canada ever produced.

At current prices, the 54,000,000-bushel drop can be translated into a loss to Canada of more than $100,000,000—but that would be underestimating the full extent of the damage.

Additional millions will be lost as a result of an "abnormally high proportion" of low-grade wheat in this year's crop. This will mean that Canada, instead of getting $1.98 a bushel for No. 1 Northern, will be reaping a lot more of the low-grade $1 wheat than she expected.

MUCH LOW GRADE

The bureau gave no estimate of what proportion of the crop will be low-grade, except that it would be abnormally high, but TradeMinister Howe Tuesday told the Commons that of the 360,000,000 bushels Western farmers are expected to deliver for market, only 49 per cent would be in the milling grades of 1, 2 and 3—compared with 84 per cent last year.

The bureau's second estimate of production is based on August 31st reports gathered from farmers across the country. On that basis, the crop of 490,000,000 bushels will be 123,000,000 higher than the 1949 crop and 96,000,000 higher than the 1940-49 10-year average.

OTHER GRAINS TOO

The multi-million dollar loss in wheat will be felt to a lesser extent in other grain production. Oats, barley, rye and flaxseed harvest also will be down from last month's estimates.

The oat crop is estimated at 414,000,000 bushels, down from last month's 433,000,000; barley, at 179,000,000 will be down from 184,000,000 rye at 14,500,000, down from 15,300,000; flaxseed, 4,900,000, down from 5,100,000.

Of the total wheat production, the Spring wheat harvest has been placed at 460,500,000 bushels. A sharp decline from the previous estimate of 509,000,000. The Fall wheat crop is estimated at 29,700,000.

Battlefields Tours Coming

WINNIPEG, Sept. 15.—(CP)—The Canadian Legion is planning a series of pilgrimages to European battlefields, naval bases, air force stations and cemeteries.

Winding up their 13th national convention, delegates here yesterday approved a general outline of of the proposed pilgrimages which may begin in 1951.

DIEPPE INCLUDED

A committee will organize inclusive-priced tours for seven separate group movements. One will be for veterans and relatives of veterans of Dieppe (to be timed for the anniversary date)

Others will be for veterans and relatives of the landings in Normandy; landings in Sicily; Canadian achievements in France, Belgium, Holland, German occupation; invasion and fighting in Italy; United Kingdom naval bases; scenes of RCAF operations in Europe.

The business session wound up with a debate on a distinctive Canadian flag. A bid from Quebec delegates for Legion approval of a flag they designed was defeated. A committee was to be set up to examine all designs submitted by branches.

Four Teachers Complete Staff

SMOKEY LAKE, Sept. 14—Four new teachers started at the town school here this term.

They are nick Skoropud, Peter Klufus, Harry Leskiw and Miss Habiak of Vilna.

Other members on the staff are M. Skuba, principal; H. Holowaychuk, vice principal; J. Achlymichuk, music director; B. Filewych, Anne Dwernychuk and Mrs. Zenie Romanchuk.

Nellie Romanchuk, Mrs. Phyllis Moroz and Mr. G. Kokotialo are travelling instructors in home economics, music and industrial arts.

$8 Million Loss In Valley Flood

WINNIPEG, Sept. 15.—(CP)—The Manitoba flood relief fund today announced that Red River Valley farmers who suffered losses will share in the $8,000,000 fund.

A farm restoration committee has been set up to study how assistance can be given individual farmers. The fund's main purposes has been to help restore home furnishings destroyed or damaged in the spring floods.

U.S. Airport Left Unguarded

LONDON, Sept. 15.—(AP)—The Daily Express said today an American air base here is so badly guarded that one of its staff examined six United States bombers without molestation. If he had been a saboteur, the writer said he could have destroyed the planes easily.

THIS THIEF DRAFTS SELF

INDIANAPOLIS, Sept. 15—(AP)—There is one person apparently not content to wait for the draft board to put him in uniform. A man broke into the car of a soldier home on leave last night and stole his army uniform. Nothing else was taken.

Australia Steps Up Recruiting

CANBERRA, Australia, Sept. 14.—(AP)—The Australian government has decided to enlarge its standing army and air force and step up a recruiting drive.

Increased pay and improved conditions for the three fighting services will be included, Prime Minister R. G. Menzies said. He gave no details.

WOMAN BEST BEER-TASTER

PADDOCK WOOD, Eng., Sept. 15—(AP)—Strong men blushed last night at the beer-tasting contest staged as part of the annual hop festival in this centre of the famous Kent county hop-producing area.

The winner—46-year-old Mrs. Catherine Middleditch of London, mother of three girls.

RCAF Member Hurt In Jeep

WINNIPEG, Sept. 15—(CP)—An RCAF cameraman enroute to Ottawa was severely injured in a jeep accident at The Pas in Northern Manitoba.

The technician, Cpl. Frank Dugan, about 25, of Ottawa, was flown here late last night in an RCAF Dakota ambulance plane. He was placed on the danger list at Deer Lodge Hospital.

Dr. C. S. Crawford, who accompanied Dugan on the two-hour flight, said the cameraman suffered concussion in the jeep spill.

He had stopped off at The Pas en route from Yellowknife, N.W.T., to Ottawa.

Minister-Congregation Relationships Studied

TORONTO, Sept. 15.—(CP)—A United States theologian warned last night that people of the western world will become "abstract, ghostly, bloodless phantoms" unless laymen show greater interest in the affairs of their church.

Dr. John A. Mackay, principal of Princeton Theological Seminary and president of the International Missionary Council, said it is not enough to belong to the church of Jesus Christ in general.

He told delegates to the 14th biennial meeting of the general council of the United Church of Canada that laymen have a special interest in a specific church, just as they have an interest in their own province and community.

Earlier, the council decided to hold its 1952 meeting in central Canada rather than in the maritimes as previously planned. The treasurer's report had indicated that a maritime meeting would cost an additional $20,000.

REGULAR REVIEW

The council deferred action on a proposal for a regular review of minister-congregational relations when some delegates protested that such a review would make a minister's position more difficult.

Rev. E. M. Atkin said the proposal would make the minister "merely a hired man and prevent him from giving leadership."

Dr. E. M. Howse of Toronto said the review would promote "congregational rows." There was not a minister but some one member of his congregation would be glad to see him out.

The proposal, which called for a review of a minister's stewardship seven years after his appointment and every third year thereafter, was referred to the council's legal committee to determine whether the council has the power to set up such a system.

Uncle Wiggily's Bedtime Story

Buster, the rabbit scout, who was wishing he had another piece of carrot shortcake to eat, hopped over to where Chief, the police dog, was standing beside the woodland path. Chief was sniffing with his nose and his ears were standing up, for he was listening.

"What did you say, Chief, please?" asked Buster.

"I said," barked the police dog, "that your father has been along this path, and not so very long ago."

"I know how you can tell," said Buster. "You are almost like a rabbit scout. You saw daddy's paw marks in the soft ground, didn't you, Chief?"

"Yes, Buster that's how I knew that your father had been hopping along here. Now, all we need to do is to follow your father's paw marks on the ground and we shall find him."

Buster and Chief hurried along the trail left by Mr. Longears when he went looking for an adventure. In a little while Chief stopped again and again sniffing the ground and looking at the path with both eyes.

"What have you found now, Chief?" Buster inquired.

"I see some different rabbit paw marks now," barked Chief. "These paw prints are of a larger rabbit —as old as Uncle Wiggily. Now we have two rabbits to find. I think I shall charge Uncle Wiggily a second piece of cake on account of there being a [illegible] rabbit to look for. Come on, Buster!"

[illegible] Buster and the police dog ran along the trail. The birds were singing in the woods and the sun was shining. Chief was sniffing with his nose close to the ground and his ears pointed ahead. Then, suddenly, he stopped again.

"What have you found now, Chief?" asked Buster.

"I see some different rabbit paw marks now," barked Chief. "And unless I am mistaken, these are Bunty's paw prints. Come and take a look, Buster, my little scout."

Buster took a look, in fact he took two looks, one with each eye, and then he said:

"Yes, those are Bunty's paw marks. She must have met Daddy here in the woods and she went adventuring with him."

Buster came along. He was wondering who the large rabbit might be when, all at once, he and Chief reached the dry well down in which stood Uncle Wiggily and Cousin Jumper. Bunty was sitting on a toadstool crying softly.

"Oh dear! Oh dear!" sighed the orphan rabbit.

"What's the matter?" asked Buster.

"Uncle Wiggily and Cousin Jumper are down in this well and I can't pull them up," said Bunty.

"Ha Ha!" barked Chief. "This is where I come in. But it will cost Uncle Wiggily another piece of cake." You shall hear more tomorrow if the kitchen sink will [illegible] out of the yard [illegible] playing croquet with the clothes posts and help the stove get supper.

Yanks Testify Pals Thrown Into Flames

By William Jorden

WITH U.S. 2nd DIVISION, Korea, Sept. 15—(AP)—American soldiers testified today at least three of their comrades were thrown into a roaring fire by their North Korean captors on the western front recently.

The Americans were captured when the Reds overran an advance command post the night of Aug. 31.

A number of witnesses told the army inquiry board they saw their fellow soldiers, some of them wounded, thrown into a roaring fire which apparently had been built for that purpose.

One sergeant said the Reds occupied the position about 30 minutes and the moved on after their grim work was done.

Another sergeant said the first man tossed into the flames appeared to be wounded badly. He said the Reds carried him to the fire and he made no effort to get out.

The second man, he said, was able to walk with difficulty.

"They slugged him with something and threw him in."

Plane, 7 Crewmen Reported Missing

REYKJAVIK, Iceland, Sept. 15—(AP)—Icelandic Airlines reported today a Skymaster transport en route to New York has been missing since 11:25 p.m. EDT last night with a crew of seven aboard.

The plane, last heard from 40 minutes out of Reykjavik, had 10 dogs in its cargo. Planes are searching the area for the missing craft.

UN Offices Blasted

DAMASCUS, Syria, Sept. 15.—(AP)—The United Nations Relief and Works Agency offices here were blown up shortly after midnight today, killing one man and injuring two others.

Bank Vault Blasted Open With Nitro

KESWICK, Ont., Sept. 15.—(CP)—Thieves used nitroglycerine yesterday to blow open a vault in the Canadian Bank of Commerce here. They escaped with $23,000 in cash and $200,000 in bonds.

It was the third Bank of Commerce robbery in a month. Thieves escaped with $12,000 in cash and $10,000 in bonds at Binbrooke, near Hamilton, a week ago and at Beaverton stole $13,000 in cash and $350,000 in bonds.

Police said they believed yesterday's robbery was carried out by the same gang that blew the bank safe at Binbrooke and stole a large quantity of dynamite from the Nobel, Ont., plant of Canadian Industries, Ltd., a month ago after tying up a night watchman.

Although several Keswick residents felt their homes jarred by the blast that blew open the safe, they "thought nothing of it."

The robbery was not discovered until a cleaning woman arrived in the morning and found money spilled on the bank steps, apparently dropped by the robbers as they fled.

Tax Meet Planned

OTTAWA, Sept. 15. — (CP) — Trade Minister Howe said today in the Commons the government intends to hold a Federal-Provincial conference on taxation agreements, old-age security and other matters before Christmas. The precise date had not been fixed.

IF THEY WANT IT

Girls Offered Chance To Be Healthy, Happy

PHILADELPHIA, Sept. 15.—(AP)—North American housewives would be healthier and happier if they went bare-footed and slept on the floor, women doctors from points around the world were told today.

The statement was made by Dr. Phiroza Davar of India at the sixth congress of the Medical Women's International Association.

Dr. Davar said housewives in America wear high heels and tight garters when working as well as other times and as a result often develop varicose veins and foot deformities.

Indian housewives, who wear sandals or go barefooted seldom have such trouble, she added.

"Because most Indian women eat, sleep and work on the floor with their knees crossed, arthritis of the joints is virtually unknown," Dr. Davar said. "The postures and positions Indians use promote a suppleness and muscle and bones which aid in recovery from fractures and sprains."

OFFICIAL SIGNATURES

Sore Handed Signer Saved By Using Special Device

Alberta deputy provincial treasurer, K. J. Hawkins, is back in Edmonton—with a sore hand.

Mr. Hawkins travelled to New York a month ago where he signed the new $60,000,000 bond issue in behalf of the provincial government.

Down in New York a scientific device came to the aid of the deputy treasurer in his major task of signing his name to the 60,000 bonds in $1,000 denominations.

A "signagraph" machine, operated from a master pen, was used to fix his signature to 20 of the bonds at a single writing.

The job required four days of Mr. Hawkins' time. Once his hand stiffened from the constant writing and he was obliged to stop for a day.

Mr. Hawkins climaxed his New York trip with his annual three weeks holiday, and returned to Edmonton yesterday.

Waiting for his signature were 2,100 school debenture bonds.

District Fights Bang's Disease

Flagstaff M.D. Townships Ask Bang's-Free Restriction

SEDGEWICK, Sept. 15—Both bovine tuberculosis and Bang's disease are receiving attention of the council of Flagstaff M.D., according to L. D. Williams, district agriculturalist.

Bang's disease, also known as contagious abortion and bovine Brucellosis, has been discovered in some herds in this district, and a voluntary campaign is now under way to wipe out this menace which causes abortion in cattle and undulant fever in humans.

Flagstaff M. D. is offering a vaccination program to wipe out the disease. Vaccine is supplied free by Alberta department of agriculture and will be administered by Dr. M. Urban, local veterinarian.

Petitions have also been received from all but three of the 40 odd townships in the M.D. to have Flagstaff declared a Tb. restricted area.

Although the federal department is concentrating on the milk-sheds around Calgary and Edmonton, it is hoped that action will be taken in this area in the near future.

VOTE SLATED FOR McBRIDE

McBRIDE, BC, Sept. 15—Plans to hold a vote in McBride school district on a $108,000 bylaw were completed at Monday's school board meeting.

A petition was also received from Bert Leboe, requesting the board's co-operation in the establishment of a superior school in the Crescent Spur district.

Athabasca Elks Buy Wading Pool

ATHABASCA, Sept. 15—A wading pool for children, slides, swings and benches and other features are being provided for the youngsters of Athabasca in a venture undertaken by Athabasca Elks Lodge.

The project is located on property occupying the premises to the south and in the rear of the curling and skating rink, the latter of which will be henceforth operated under the supervision of the lodge. The property will be given final touches by a landscaping expert, and it is expected that, come spring again, the expansive playground will be the mecca of hundreds of kiddies.

Second Sale For Camrose

CAMROSE, Sept. 15—Annual Camrose Bull Sale will be held here Wednesday and Thursday Nov. 8 and 9 sponsored by Camrose Agricultural Society under name of Camrose Community Sale and Livestock Association.

J. A. Stuart is the secretary-treasurer, honorary president, Hon. David Ure, provincial minister of agriculture; chairman, John Woods; vice-chairman, C. F. Mohler.

Directors: C. J. Duggan, Enoch Stromberg, C. S. Bailey, W. E. Wilson, Frank Mohler, Stanley Gould, R. H. Hume, Pete McLeod, A. G. Watson, George Golberg, Algar Lysung, E. S. Ferguson, Russell Reese, E. W. Schnell, William Moisey, Emmett Mohler, W. E. Hills, Gordon Stromberg and Russell Peterson.

While it is nominally called a bull sale, actually both male and female animals of purebred beef breeds are accepted for the sale. This is the second year that swine breeds have been included in the sale.

Grocer Promoted

GRANDE PRAIRIE, Sept. 15—L. M. McCandlish, manager of MacDonald's Consolidated, wholesale grocers, has been promoted to the Red Deer branch as manager.

With Mrs. McCandlish and their three children, he will leave next week to take over his new post.

Mr. McCandlish has been five years in charge of Grande Prairie branch.

OIL WORKERS INVADE ROCKY AND DISTRICT

ROCKY MOUNTAIN HOUSE, Sept. 15—The town is buzzing with oil men from all over the continent, New York, Texas, California and many points in Canada.

John Harris of New York, with several of his office staff have been here looking over the Ram River location, 20 miles west of town, and have made arrangements for drilling to start at once.

There is a great deal of activity at the Home Oil location, 30 miles northwest of Nordegg, and new machinery has been taken in this summer.

Funeral Service Held at Killam

KILLAM, Sept. 15—Funeral services were held at Fee's Hall in Killam recently for Mrs. James M. Grant, who died unexpectedly in Killam general hospital.

Mrs. Grant, coming to Alberta in 1911 as school teacher, followed her profession until 1927 when she married James Grant.

Funeral services were conducted by Squadron Leader Rev. James Dunn of North West Air Command, assisted by A. Bergstram, student minister of Killam Presbyterian Church.

Besides her husband she is survived a brother and sister in Moncton, NB. A daughter, Margaret, predeceased her in 1935.

Trans-Canada Air Lines fly more than 20,000,000 miles each year.

Oilmen Near Onoway Purchase More Land

ONOWAY, Sept. 15—Fred Manning Drilling Company Ltd., has purchased 10 acres of land on the northeast corner of the farm of Mrs Joe Mitchell, 10½ miles north of Onoway.

A great deal of equipment has been moved in and operations have begun. This find is causing much excitement among people of the district.

Drilling Started

CORONATION Sept. 15—Sun Oil Company has started drilling operations in the old Haneyville district, north of Federal.

The casing has been cemented in and drilling operations are underway.

Reds Clean House

HONG KONG, Sept. 15.—(Reuters) — Foreigners living in the North China port of Tsingtao have been asked by Chinese Communist authorities to leave by a stipulated date, say travellers arriving from the north. Russians have been exempted, they add.

House Falls; 7 Die

CAIRO, Sept. 15.—(Reuters)—Seven persons were killed and four severely injured when a house collapsed yesterday in a workers' district.

Blast Kills Two

HAMM, Germany, Sept. 15.—(Reuters)—An explosion believed caused by flour dust killed two workers and injured three others in a mill here yesterday.

Coast Doctors Claim Local Farmer 'Mental'

VANCOUVER, B.C., Sept. 15.—(BUP)—Three doctors testified in county court at Vancouver yesterday that pig farmer Alex Gokey, 71, who purchased a youthful "bartered bride" for $700 was a mental case.

They said the Quebec-born resident of Edmonton suffered from senile dementia.

He faces a maximum seven year prison term for conspiring to solemnize an unlawful marriage.

UNFIT FOR TRIAL

Defence counsel Emile Kingsley said Gokey, who also has charges of kidnapping and bigamy pending in Edmonton, is unfit to stand trial. He should be committed to a mental home, Kingsley said.

The case was adjourned until today when prison guards will testify on Gokey's behaviour while he was in jail awaiting trial.

Police said Gokey had four wives and divorced none. One died.

His lawyer said he married wife number four after his third wife went deaf and blind.

STILL WITH HIM

"The third one still lives with him and his new wife, but doesn't know the old man 'remarried' as it were."

Jessie Ajas, 24, and Allan Ajas, 18, face the same charge as Gokey in the "marriage."

Police said the brother of the bartered bride, 15-year-old Dorothy Ajas, stood in for Gokey at the wedding ceremony in Vancouver.

Police charged Ajas sold his sister in marriage to the elderly pig farmer for $700.

Public Notice

BY THE BOARD OF TRUSTEES OF THE BEVERLY SCHOOL DISTRICT NO. 2292 OF THE PROVINCE OF ALBERTA

WHEREAS it is deemed expedient by the Board of Trustees of the Beverly School District No. 2202 of the Province of Alberta, that the sum of 140,000.00 dollars should be borrowed on the security of the said district by the issue of debentures repayable to the bearer in twenty (20) consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

Construction of eight room school, (and completion of new 6 room school) $129,000.00.

Equipment for fourteen classrooms, $12,250.00.

Purchasing land for school site, $750.00.

THEREFORE, Notice is hereby given by the Board of the said School District that unless a poll of the proprietary electors of the said School District for and against the said debenture loan is demanded as provided by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

OF WHICH, all persons interested are hereby notified, and they are required to govern themselves accordingly.

MRS. EDNA EVANS,
Chairman.

DATED at Beverly this 14th day of September, 1950.

INSTRUCTIONS TO PROPRIETARY ELECTORS IN A SCHOOL DISTRICT

(1) A poll of the proprietary electors for and against the by-law may be demanded within fifteen days after the date of the posting or of the last publication of this notice, by a demand in writing signed by five per cent of the proprietary electors of the school district; except that in a district situated wholly or in part within the boundaries of a city, the demand shall be signed by one hundred proprietary electors.

(1a) Notwithstanding the provisions of subsection (1) no poll shall be demanded if the amount to be borrowed is for the purpose of providing a first schoolhouse for a consolidated district and does not exceed five thousand dollars.

Every demand for a poll should be delivered to the Secretary of the District, or in his absence, to the Chairman of the Board of Trustees, within fifteen days from the date of posting of this notice. A certified copy of the demand should be forthwith forwarded to the Board of Public Utility Commissioners of Alberta, Edmonton.

Proprietary Elector means any elector, other than a tenant, who is liable to assessment and taxation for school purposes in respect of any property situated in a School District.

Notice to Creditors and Claimants

Strike Hits All N.Z. Ports

SYDNEY, Australia, Sept. 15.—(AP)—Dockers in all New Zealand ports and in the big Australian port of Sydney were on strike today. The walkouts involve some 15,000 men and scores of vessels.

The dock workers in both dominions have strong Communist elements in their union leadership, but the two strikes are over different issues.

The Sydney strike, which has tied up 60 ships and put 7,000 dockers out of work, is over suspension of 50 men who demanded eight hours pay for five hours work Wednesday.

The New Zealand strikers are demanding extra pay for handling lampblack and carbon.

2 Identified In Holdup

MILLARDVILLE, B.C., Sept. 15.—(CP)—F. W. T. Fritz, manager of the Bank of Nova Scotia branch here, yesterday identified two men as members of a three-man gang which robbed the bank of nearly $9,860 July 21.

He pointed out Peter Zarubin, 24, of Arran, Sask., and William Sharman, 21, of Stuartburn, Man., as the men who wielded revolvers and escaped with the loot from the teller's cage. They were arrested in Winnipeg.

Gordon Laverdure, teller, was unable to identify either man at the opening preliminary hearing today.

Nelson McIntyre, whose car was used by two of the men in escaping after the holdup, identified Zarubin as the man who got behind the wheel and "drew a revolver when I attempted to stop him."

Movie Thriller Author Passes

MOUNTAIN LAKES, N. J., Sept. 15.—(CP)—Arthur Stringer, Canadian author of "Perils of Pauline," a famous blood-curdling serial of the early days of films, died yesterday at the age of 76.

The cliff-hanging movie scripts brought Stringer fame, but his literary reputation was built on more than 50 novels, a dozen books of poetry and many dramas and comedies.

Born in Chatham, Ont., Stringer, like many other Canadian author, went to the United States to make his fortune, but he never ceased to think of himself as a Canadian.

Bond Market

MONTREAL, Sept. 15. — (CP) — Trading was moderate on the Bond Market today and prices were generally better. Long-term Canada's rose ⅛ in good demand. Provincials were stronger, but the change was narrow. In the corporations, CPR's again advanced, adding ¼, while Browns were up 1¼. Great Planes Developments and Interprovincial Pipelines held quiet and unchanged.

Watch for the BIGGEST PARADE OF THE YEAR

. . . eight days and over 4,000 miles long

Sept. 17 to 24

This "parade" will take place in cities and towns of all ten Provinces. On display will be Canada's Army. These are some of the men who stand ready to defend the freedom of Canada and democratic nations everywhere against aggression.

Take this opportunity to meet and salute Canada's men in the Active and Reserve Forces. Visit the public exhibits and demonstrations in your district. You will be proud of the men and machines that make up Canada's Army.

At the same time you will probably realize the need for more men, more equipment. You will understand why Canada is now doing everything possible to strengthen our Active and Reserve Forces — why we are asking young Canadians from coast-to-coast to visit their nearest Recruiting Depot or Armoury at once.
